PROCLAMATION

BY HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE,

Knight Commander of the Most Honourable Order of the Bath, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Vice-Admiral of the same, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTERELL HOOLE and
WILLIAM DODDS PRINGLE.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOD SAVE THE QUEEN!

Given under the Public Seal of the Settlement of the Cape of Good Hope, this 10th day of February, 1870.

P. E. WODEHOUSE, Governor.

By command of His Excellency the Governor,
R. SOUTHEY,
Colonial Secretary.

GOVERNMENT NOTICE.—No. 51, 1870.

Colonial Office, Cape of Good Hope,
14th February, 1870.

HIS Excellency the Governor has commanded the publication of the following directions for the guidance of Field-cornets and other Officers charged with the duty of Polling at the ensuing Election for a Member of the Legislative Council for the Eastern Districts:

1. Every Polling Officer is required to maintain the strictest impartiality in the discharge of his duties, and by nothing in his speech or demeanour to give cause for imputing or suspecting the contrary.

2. Each Polling Officer will be furnished with a copy of the general List of Voters for the whole Electoral Division. This copy must be certified by the Civil Commissioner to be a correct one.

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.

MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.:

Signed by request of
JAMES THOMPSON,
JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be careful fully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and send his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ——————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,
R. SOUTHEY,
Colonial Secretary.

Van Zijne Excellentie Sir PHILIP EDMOND WODEHOUSE, Ridder Kommandeur van de Alleredelste Orde van het Bad, Gouverneur en Opperbevelhebber van Harer Majesteits Kolonie de Kaap de Goede Hoop, in Zuid Afrika, en van het Grondgebied en den Ressorte van dien, en Vice Admiraal van dezelve, en Harer Majesteits Hoogen Commissaris, enz., enz., enz.

NAARDEMAAL ik bij mijne Proklamatie gedateerd den 6den dag van Januarij laatstleden, heb opgeroepen al degenen die eene of meer Rekwisitien, als in Artikel 34 dier Ordonnantie omschreven, om hen uit te noodigen zich als Kandidaat te stellen voor het lidmaatschap van den Wetgevenden Raad voor de Oostelijke Provincie, vakant geworden door het vrijwillig aftreden van den Heer JAMES HALL, ontvangen en aangenomen mogten hebben, die Rekwisitien en hunne aanname derzelve in te zenden bij den Kolonialen Secretaris vóór of op den 5den dag dezer maand Februarij; en daar ik verder aan ieder die zulk eene uitnoodiging ontvangen en zulke Rekwisitien aangenomen hebben, verzocht heb om bij geschrifte, door hem onderteekend en vóór of op den gezegden 5den Februarij bij den Kolonialen Secretaris te worden ingezonden, iemand aan te stellen om te ageren als "Scrutineer" voor het nazien der in te dienen stemlijsten,—als bij de Wet voorzien: Zoo is het dat ik hierbij proklameer, deklareer en bekend maak, dat de volgende personen de lijst uitmaken van Kandidaten voor de gezegde vakature, namelijk:

JAMES COTTERELL HOOLE en
WILLIAM DODDS PRINGLE.

En naardemaal bij Artikel 37 van gezegde Ordonnantie verder is bepaald ten opzigte van Scrutineers, dat de Gouverneur drie Scrutineers genomineerd door de Kandidaten zal aanstellen tot eene Commissie van Scrutineers voor het onderzoeken der uitgebragte stemmen, als in de gezegde Ordonnantie voorgeschreven; of ingeval er om de eene of andere oorzaak te weinig Scrutineers zijn, de Gouverneur een of meer Scrutineers mag aanstellen om het vereischte getal van drie Scrutineers vol te maken; en aangezien ter oorzake van het onvoldoend aantal Kandidaten en het in gebreke blijven van een hunner om iemand als Scrutineer te nomineren, het noodig is twee Scrutineers aan te stellen: Zoo is het dat ik hierbij aanstel JOHN GEORGE FRANKLIN en THOMAS HOLLAND als twee zoodanige Scrutineers om te zamen met RICHARD NELSON de Commissie van Scrutineers uit te maken voor het vorengezegde doel.

GOD BEHOEDE DE KONINGIN!

Gegeven onder het Publieke Zegel der Volkplanting de Kaap de Goede Hoop, heden den 10den dag van Februarij, 1870.

P. E. WODEHOUSE, Gouverneur.

Ter Ordonnantie van Z. E. den Gouverneur,
R. SOUTHEY,
Koloniale Secretaris.

[No. 7,—1870.]

GOUVERNEMENTS BERIGT No. 51, 1870.

Koloniale Secretarie, Kaap de Goede Hoop,
14 Februarij, 1870.

ZIJNE Excellentie de Gouverneur heeft de publicatie gelast van de volgende voorschriften ten dienste van Veldkornets en andere Beambten belast met het Opnemen der Stemmen bij de naderende Verkiezingen voor een Lid van den Wetgevenden Raad:

1. Ieder Beambte van Stemopneming zal de stipste onpartijdigheid in acht hebben te nemen in de vervulling zijner pligten, en door niets in zijne woorden of houding, reden geven, waardoor het tegendeel vermoed of hem ten laste gelegd kan worden.

2. Ieder Beambte van Stemopneming zal voorzien worden van eene kopie der algemeene lijst van Stemgeregtigden voor de geheele Kiesafdeeling. Deze kopie moet door den Civielen Commissaris als naauwkeurig worden gecertificeerd.

3. Ieder Stemgeregtigde voor eene Afdeeling mag stemmen op eene Kiesplaats binnen die Afdeeling naar verkiezing. Maar een Stemgeregtigde die in ééne Afdeeling geregistreerd is, kan niet in eene andere Afdeeling stemmen; en na gestemd te hebben op die eene Stemplaats, kan hij niet weder op eene andere stemmen. Ingeval een Veldkornetschap, onlangs daargesteld voor Fiskale oogmerken, gedeelten bevat van meer dan eene Kiesafdeeling, moeten de Stemgeregtigden, in dat Veldkornetschap wonende, stemmen aan de Stemplaatsen in de onderscheidene Kiesafdeelingen, waarin zij geregistreerd staan, en kunnen niet zonder onderscheid op iedere Stemplaats stemmen. En de Beambte van Stemopneming zal in gevallen waarin dezelfde naam meer dan eenmaal voorkomt op de algemeene Lijst van Kiezers, en verder in alle gevallen, zijn best doen om zich te vergewissen, dat de persoon die komt stemmen wezenlijk de persoon of een van de personen is, geregistreerd als geregtigd om te stemmen.

4. Ieder Kandidaat voor de verkiezing mag door een geschrift onder zijne handteekening of die van den Secretaris van zijn Comité, iemand aanstellen, om ten zijnen behoeve ter stemplaatse tegenwoordig te zijn; en zoodanig persoon mag van den Stemopnememden Beambte vorderen aan elken Stemgeregtigde beide of een der vragen te doen, in het 42ste Artikel der Constitutie Ordonnantie voorgeschreven, maar hij mag zich anders niet met de Stemopname bemoeijen.

5. De Stemopname moet op iedere Kiesplaats ten 8 ure 's morgens open zijn, en ten 5 ure 's avonds gesloten worden, en voor of na die uren kunnen geene stemmen worden aangenomen

6. Aan iederen Beambte van Stemopneming zal een voldoend getal gedrukte Stembriefjes, in den volgenden vorm, worden ter hand gesteld:—

STEM VOOR EEN LID DES RAADS.

MAART, 1870.

Naam van den Stemgeregtigde door den Beambte van Stemopneming hier te worden ingeschreven.	
Kandidaat.	Stem.
A B	
C D	
Naamteekening van den Beambte van Stemopneming.	Naamteekening van den Stemgeregtigde.

7. Wanneer een Stemgeregtigde bij de tafel komt om te stemmen, zal de Stemopnemer hem naar zijn naam vragen, en na met referte tot zijne lijst zich verzekerd te hebben dat hij een geregistreerd stemgeregtigde is, zal hij hem vragen, voor welken van de kandidaten hij stemt; hij zal hem vervolgens een stembriefje overhandigen, en hem verzoeken den naam van den Kandidaat voor welke hij stemt, neder te schrijven, en zijn naam aan den voet van het dokument te teekenen; of indien de Stemgeregtigde zulks verlangt, mag hij den Beambte van Stemopneming verzoeken zijne stem voor hem te schrijven en zelfs zijn naam op het dokument te plaatsen, op de volgende wijze:—

Geteekend op verzoek van
JAMES THOMSON,
JOHN SMITH, P. O.

Aan deze vormen voldaan zijnde, zal de Beambte van Stemopneming den naam van den Stemgeregtigde aan het hoofd van het dokument schrijven, zijn eigen naam op de behoorlijke plaats teekenen, en het dokument bewaren. *De Beambte van Stemopneming zal zorg dragen voor de volledige uitvoering van de voorschriften omtrent het invullen van de gegeven stem tegenover den naam van den Kandidaat, en ook van die omtrent de onderteekening van het Stembriefje door den Stemgeregtigde en door hemzelven.*

8. Elk Stemgeregtigde zal *een* stem hebben en niet meer.

9. Aan geen Stemgeregtigde kan worden vergund een reeds ingevuld dokument met zich te brengen; het dokument moet worden ingevuld in de tegenwoordigheid van den Beambte van Stemopneming, en de Stemgeregtigde moet zijne Stem mondeling opgeven, wanneer de Beambte die vraagt; hij kan aan den Beambte niets in de gedaante van eene Aanteekening overhandigen, om er zijne stemmen van af te schrijven; maar hij mag zelf eene Aanteekening raadplegen om zijn geheugen te gemoet te komen, in het geven zijner stem.

10. Geen Stemgeregtigde kan anders stemmen dan in persoon; hij kan niet wegblijven en zijne stem inzenden; noch kan hij per procuratie stemmen.

11. Ieder Stemgeregtigde heeft volkomen vrijheid om naar verkiezing over zijne stem te beschikken; maar de Stemopnemende Beambte zal niet gedogen, dat een Stemgeregtigde, die zich reeds bij de tafel bevindt, door een Kandidaat, diens Agent, of een der omstanders iets worde ingefluisterd, noch dat dezulken zich op andere wijze met het uitbrengen van zijne stem bemoeijen.

12. Wanneer een Stemgeregtigde gestemd heeft,—dat is, wanneer zijne stem geregistreerd is en het dokument geteekend is door hemzelven en den Beambte van Stemopneming, mag hij zijne stem volstrekt niet intrekken of veranderen.

13. De Stembriefjes moeten niet worden vuilgemaakt of op andere wijze beschadigd; en het is beter het dokument in stukken te scheuren en een nieuw Stembriefje in te vullen, dan eenige fout daarop door te schrapen of uit te wisschen.

14. Niemand kan eene Stem ontvangen, die niet als een Kandidaat is geproklameerd en wiens naam niet op het gedrukte Stembriefje voorkomt. De Beambten van Stemopneming zullen derhalve weigeren den naam van iederen anderen Kandidaat te ontvangen.

15. De wet verbiedt niet aan een Beambte van Stemopneming zijne eigene Stem aan te teekenen; het is derhalve aan zijne discretie overgelaten, dit te doen, of zich tot dat einde naar eene andere Stemplaats te begeven.

16. De Beambten van Stemopneming zullen niet, zoo als bij de algemeene verkiezing voor het eerste Parlement, gehouden zijn te beslissen over het doen gelden van eenigerlei aanspraken of tegenwerpingen betreffende het Stemmen. Zij moeten derhalve weigeren in zoodanige kwestien te treden.

17. Wanneer de Stemopname aan eene Kiesplaats afgeloopen is, zal de Beambte van Stemopneming al de stemmen door hem ontvangen zorgvuldig en veilig insluiten en verzegelen, en het paket adresseren aan den Civielen Commissaris van Albanie, te Grahamstad, en *op een gedeelte van het couvert de woorden "List of Votes for the Division of ——————" schrijven, alsmede zijne eigene naamteekening, en het Veldkornetschap en de Stemplaats waar de stemmen zijn opgenomen.* Dit paket zal hij zoo spoedig mogelijk als bestaanbaar is met deszelfs veilige overzending op den post doen bezorgen, en hij zal zorg dragen een ontvangstbewijs te krijgen van den Postmeester, bij wien zoodanig paket is op den post gedaan.

18. Iedere Beambte van Stemopneming zal, alvorens zoodanig paket te sluiten, zorgvuldig tellen en aanteekening houden van het getal Stembriefjes dat hetzelve bevat.

19. *In geval op eene der Kiesplaatsen in 't geheel geene Stemmen worden aangeteekend, zal de Stemopnemende Beambte, die op zoodanige Stemplaats gevaceerd heeft, een certifikaat in dien zin inzenden aan den Civielen Commissaris van Albanie.*

Ter Ordonnantie van Zijne Excellentie den Gouverneur,
R. SOUTHEY,
Koloniale Secretaris.

PROCLAMATION

BY HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE,

Knight Commander of the Most Honourable Order of the Bath, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Vice-Admiral of the same, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTERELL HOOLE and
WILLIAM DODDS PRINGLE.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOVERNMENT NOTICE.—No. 51, 1870.

Colonial Office, Cape of Good Hope,
14th February, 1870.

HIS Excellency the Governor has commanded the publication of the following directions for the guidance of Field-cornets and other Officers charged with the duty of Polling at the ensuing Election for a Member of the Legislative Council for the Eastern Districts:

1. Every Polling Officer is required to maintain the strictest impartiality in the discharge of his duties, and by nothing in his speech or demeanour to give cause for imputing or suspecting the contrary.

2. Each Polling Officer will be furnished with a copy of the general List of Voters for the whole Electoral Division. This copy must be certified by the Civil Commissioner to be a correct one.

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.
MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.:

Signed by request of
JAMES THOMPSON,
JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be careful fully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and send his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,

R. SOUTHEY, Colonial Secretary.

BILL

TO

Repeal the Act No. 25, 1868, intituled an Act "To prevent the spread of Contagious Diseases at the Military and Naval Stations of this Colony."

(Introduced into the Legislative Council by the Hon. HENRY WHITE, *Esq.)*

WHEREAS the Act No. 25, 1868, intituled an Act "To prevent the spread of Contagious Diseases at the Military and Naval Stations of this Colony," was intended to prevent, as far as may be, the spread of certain contagious diseases in the localities wherein Her Majesty's military and naval forces are principally located in this Colony; And whereas the operation of the said Act No. 25, 1868, has tended rather to the encouragement of immorality amongst a certain class of women who are now treated for diseases not contemplated by the said Act, and who are thereby provided for at the public expense and encouraged in their immoral practices at a cost far beyond the amount which it was anticipated would be required for carrying out the provisions of the said Act; And it is therefore neither necessary nor expedient to continue the said Act: Be it enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The Act No. 25, 1868, is hereby repealed.

Published by order of the Legislative Council, 16th February, 1870

To be considered in Committee of the whole House on Thursday, 17th February, 1870.

BILL

TO

Amend, in certain respects, the Act No. 19 of 1864, intituled "An Act to provide for the Leasing of Crown Lands and other purposes."

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it is expedient that the Act No. 19 of 1864, commonly called "The Crown Lands Act, 1864," should be amended as hereinafter is provided: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. It shall be lawful for the lessees of Crown lands leased under the provisions of the said Act No. 19 of 1864, at any time during the continuance of their respective leases, to purchase the property in the lands held by them respectively on lease, at such price as may be agreed on by and between such lessees respectively of the one part and the Colonial Government of the other part, not being in any case less than a sum which, reckoned as a principal sum after the rate of six pounds sterling per cent., would produce an amount of yearly interest equal to the rent reserved on such lease, subject to the following conditions, that is to say: The purchaser shall, in addition to the said purchase price, pay to the Colonial Government such yearly quitrent as may be agreed between him on the one part and the Colonial Government on the other part, such quitrent to be payable in perpetuity. The purchase money so to be paid as aforesaid, according to agreement, may be paid in cash, at the option of the purchaser, so soon as the amount shall be agreed upon, and such purchaser may upon payment thereof require a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make. If the purchaser shall not forthwith pay the full amount of purchase money agreed upon in cash so soon as the said amount shall be agreed upon, he shall be allowed to pay the same in manner following, that is to say, by three annual instalments,—the first to be paid forthwith so soon as the amount of purchase money shall be agreed upon as aforesaid, and the other two at intervals of one year respectively. If the purchaser shall fail to pay the second or subsequent instalments when the same shall become payable respectively, the money already paid by him shall be returned to him, deducting thereout, by way of liquidated damages for the breach of the contract to purchase, a sum equivalent to five pounds sterling per cent. on such amount of the purchase money as shall remain unpaid, together with such sum, if any, as may be due for rent and other charges, if any, upon the said land, under or by virtue of the lease thereof; and the said lease shall, unless otherwise vitiated, be regarded as though the same were all along subsisting without any contract for purchase or sale having subsisted with regard to the same lands. Until the entire purchase money shall be paid, the purchaser shall continue to pay rent under and by virtue of his lease, and to perform the other conditions, if any, of the same, which shall be deemed to be a subsisting lease, notwithstanding any such contract for purchase as aforesaid unless vitiated otherwise under the terms thereof, or of the said Act No. 19 of 1864. Upon the payment by the purchaser, at the stated times agreed on, of all the purchase money, and of all rents and other payments due in respect of the said lease, he shall be allowed interest after the rate of six pounds per cent. per annum in respect of the several instalments of the purchase money deposited by him from the date of the deposit thereof, respectively, until such date of payment; and thereupon he shall be deemed from thenceforward as proprietor on quitrent of the land so purchased, and may require forthwith a grant of title upon quitrent to the said lands theretofore held by him upon lease, which grant it shall be lawful for the Governor to make.

II. All such sums of money as shall from time to time be paid by such lessees as aforesaid under the provisions of this Act to the Colonial Government shall be kept to a separate account, which shall be charged with such repayments as in the former section are mentioned to such lessees as shall have failed to become purchasers entitled to immediate grant as aforesaid; and the balance from time to time standing to the credit of such account shall be paid over to the Commissioners for the time being of the Sinking Fund created by Act No. 9 of 1864, to be applied for the purposes by the said lastmentioned Act defined, as part of the said Sinking Fund.

BILL

TO

Amend Act No. 15, intituled "An Act to amend the Laws regulating the relative Rights and Duties of Masters, Servants, and Apprentices."

(Transmitted to the House of Assembly by His Excellency the Governor.)

WHEREAS it is expedient to amend the Act No. 15 of 1856, intituled "An Act to amend the Laws regulating the relative Rights and Duties of Masters, Servants, and Apprentices:" Be therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The fourth section of chapter two of Act No. 15 of 1856, intituled "An Act to amend the Laws regulating the relative Rights and Duties of Masters, Servants, and Apprentices," shall be and the same is hereby repealed; and from and after the promulgation of this Act no written contract shall be valid or binding for a longer period than one year from the date thereof, nor shall any contract for service in writing be valid or binding in any case on any servant, unless the service so contracted for shall be to commence within the period of one month from the date of the contract, except in each of such cases the contract be signed with the name, or, in case of illiterate persons, with the mark of the contracting parties, in the presence of a magistrate, or other proper officer, nor unless such magistrate or other proper officer shall subscribe such written contract, in attestation of the fact that it was entered into by the parties voluntarily, and with a clear understanding of its meaning and effect. So much of the said Act as is contained in the fifth chapter thereof shall be and is hereby repealed, and the following shall be and be read as if the same were the fifth chapter of the same Act.

OF THE JURISDICTION OF THE RESIDENT MAGISTRATES IN CASES BETWEEN MASTERS AND SERVANTS AND APPRENTICES.

II. The resident magistrates within the Colony have jurisdiction in all cases arising in their respective districts between masters and their servants and apprentices, and with reference to their relative rights and duties, or to any matter, or thing, or offence, as to which provision is made by this Act.

III. Every resident magistrate has jurisdiction in any such case as aforesaid, brought before him against any person being at the time within his district, whether the grounds of such case arose within the district or not, or whether the person against whom the case is brought has his usual residence or place of abode in that district or not; but the magistrate shall, whenever it shall appear to him that any such case can be more conveniently tried or determined by the resident magistrate of any other district, dismiss such case, and in the event of his doing so, when the servant or apprentice is accused of desertion, and when he shall have probable cause shown to him, by oath or affidavit of any credible person, for believing this to be the fact, such magistrate may, if he think fit, issue a warrant for the conveyance, under sure custody, of such servant or apprentice to the town or place where the court of such other magistrate is held, provided the master shall undertake the expense of such conveyance; and the magistrate by whom the cause shall be ultimately tried and decided shall adjudge by which of the parties the said expenses shall be paid.

IV. Any servant or apprentice may be fined any sum not exceeding ——— pounds sterling, and in default of payment of the same

may be imprisoned, with or without hard labour, for any period not exceeding one month, in case he shall be convicted of any of the following acts or instances of misconduct, that is to say:

1. If he shall, after having entered into a contract, fail or refuse, without lawful cause, to commence the service at the stipulated time.
2. If he shall, without leave or other lawful cause, absent himself from his master's premises, or other place proper and appointed for the performance of his work.
3. If he shall, during working hours, unfit himself, by becoming or being intoxicated, for the proper performance of his work.
4. If he shall neglect any work which it was his duty to have performed, or if he shall negligently perform any work which, from its nature, it was his duty, under his contract, to have performed carefully and properly.
5. If he shall, without leave and for his own purposes, make use of any horse, vehicle, or other property belonging to his master.
6. If he shall refuse to obey any command of his master, or of any person lawfully placed by his master in authority over him, which command it was his duty to obey.
7. If he shall make any brawl or disturbance in, at, or near his master's dwelling-house, and after being, by his master or any other person belonging to his master's family, desired to desist, shall, notwithstanding, continue making such brawl or disturbance.
8. If he shall use any abusive or insulting language to his master, or to his master's wife, or to any person placed by his master in authority over him, calculated to provoke a breach of the peace.

V. In case of a second conviction under the last preceding section, or of more such convictions than a second, within the space of six months next after any former conviction, the offender may, in regard to such second or any further conviction, be fined any sum not exceeding ——— pounds sterling, and in default of payment thereof may be imprisoned and kept at hard labour for any period not exceeding six weeks, and shall be liable during such imprisonment (or so much thereof as the convicting magistrate shall adjudge) to be kept in solitary confinement with or without spare diet, or on spare diet with or without solitary confinement, subject as hereinafter is mentioned, and upon a conviction under the next ensuing section of this Act followed within six months by a conviction under the last preceding section, the offender shall be liable to the like punishment, as if both convictions had been had under the last preceding section.

VI. Any servant or apprentice may be fined any sum not exceeding ——— pounds sterling, and, in default of payment, may be imprisoned, with or without hard labour, for any period not exceeding two months, or may be imprisoned without the infliction of any fine, at the discretion of the magistrate, with or without hard labour, for any period not exceeding two months; and during such imprisonment as in this section is mentioned may be kept in solitary confinement with or without spare diet, or on spare diet with or without solitary confinement, subject as hereinafter is mentioned, in case he shall be convicted of any of the following acts or instances of misconduct, that is to say:

1. If he shall, by wilful breach of duty, or by neglect of duty, or by drunkenness, do any act tending to the immediate loss, damage, or serious risk of any property placed by his master in his charge, or placed by any other person in his charge for delivery to, or on account of, his master.
2. If he shall, by wilful breach of duty, or by neglect of duty, or by drunkenness, refuse or omit to do any lawful act proper and requisite to be done by him for preserving in safety any property placed by his master in his charge, or placed by any other person in his charge for delivery to, or on account of, his master.
3. If, being employed as a herdsman, he shall fail to report to his master, on the earliest opportunity for so doing, the death or loss of any animals placed in his charge, which he shall allege to have died or been lost,—or if he shall fail to preserve, for his master's use or inspection, any part or parts of any such animal as he shall allege to have died, which part or parts he shall, by his master, have been directed, and shall have undertaken, to preserve, unless such herdsman shall prove to the satisfaction of the court the death of such animals,—or if it shall be made by his master to appear that any animal or animals alleged by him to have strayed away or otherwise become irrecoverably lost, could not, under the circumstances of the case, have become irrecoverably lost without his act or default.
4. If, being employed in any capacity other than that of a herdsman, he shall allege the loss of any property placed in his charge by or for his master, and it shall be made by his master to appear that the property in question could not have been lost without his act or default.
5. If he shall, without lawful cause, assault, or attempt to assault, or threaten to assault his master, his master's wife, or any relation of his master living with him in the same house, or any of his fellow-servants: Provided that nothing herein contained shall prevent a preparatory examination being taken in any case of assault which shall seem to require that form of proceeding, in order to the trial of the offender before the Supreme or some circuit court.
6. If he shall, without leave or other lawful cause, depart from his master's service, with intent not to return again thereto.

VII. In case of a second conviction under the last preceding section, or of more such convictions than a second, within the space of six months next after any former conviction, the offender may in regard to such second or any further conviction, be fined any sum not exceeding ——— pounds sterling, and in default of payment thereof, may be imprisoned and kept at hard labour for any period not exceeding three months, or may be imprisoned, without the infliction of any fine, at the discretion of the magistrate, with or without hard labour, for any period not exceeding three months, and shall be liable during such imprisonment as in this section is mentioned, or so much thereof as the convicting magistrate shall adjudge, to be kept in solitary confinement with or without spare diet, or on spare diet with or without solitary confinement, subject as hereinafter mentioned. And upon a conviction under the fourth section of this Act, followed within six months by a conviction under the last preceding section, the offender shall be liable to the like punishment as if both convictions had been had under the last preceding section.

VIII. No fine paid or period of imprisonment undergone, under this Act, by a servant or apprentice, shall have the effect of cancelling the contract of service or apprenticeship.

IX. Nothing in any of the preceding sections, from fourth to eighth, both inclusive, shall extend or apply to servants or apprentices under the age of sixteen years, or to any apprentice, of whatsoever age, who shall be apprenticed to learn any branch of the medical or legal profession, or to any merchant or dealer, or to any apprentice with whom any fee or premium not less than five pounds sterling shall have been paid.

X. No servant shall be convicted under any of the foregoing sections of this Act unless the master shall lodge his complaint within one month next after the day on which he became cognizant of the offence or alleged offence.

XI. If any servant or apprentice whose contract of service or apprenticeship still subsists shall, upon being discharged from prison after undergoing imprisonment under this Act, refuse or neglect, upon his master's request, to resume his service under his contract, he shall be liable to be imprisoned, with or without hard labour, for any period not exceeding one month, and so on for successive periods, not any of them exceeding one month, until he shall consent to resume, and shall resume, his service under his contract; and every such period of imprisonment, or so much thereof as the convicting magistrate shall adjudge, may be with solitary confinement with or without spare diet, or with spare diet with or without solitary confinement, subject as hereinafter mentioned: Provided, however, that no servant or apprentice shall, under this Act, be imprisoned continuously, and without any intermediate resumption of service, under his contract, for longer than six months in all.

XII. When any period of imprisonment shall be undergone by any servant or apprentice for any offence under this Act, a like period shall be added to the term of service stipulated for in the contract of service or apprenticeship, as it subsisted when such imprisonment was commenced, so that such servant or apprentice shall be obliged to serve a further period equal to the period of imprisonment, in addition to the term of service originally stipulated.

XIII. When the offence of which any servant or apprentice shall be convicted under this Act shall be the offence of absenting himself from, or of departing from, the service of his master, then the period of his absence shall be added to the term of service originally stipulated, in like manner as in the last preceding section directed in regard to the period of imprisonment therein mentioned; and it shall be the duty of the magistrate convicting such servant or apprentice to ascertain, at the trial, the period of absence, and to certify the same by some writing under his hand, to be delivered to the master, and the period mentioned in such writing shall, by all courts and in all places, be deemed to be added to the original term of service.

XIV. As often as any property of the master shall be lost or damaged by means of any act or omission of his servant or apprentice, which act or omission is by this Act declared to be an offence, it shall be lawful for the magistrate, should he so think fit, and the master shall thereto agree, to ascertain whether such servant or apprentice is able to make compensation for such loss or damage, and if so, to fix the amount of such compensation, and make such order as to the payment thereof, either at once or by instalments out of wages yet to be earned, or otherwise, as shall seem reasonable and just, and in the meantime, and until default made in such payment, or in the payment of some such instalment, to defer passing sentence upon the party offending; but such magistrate shall preserve on record the evidence in the case, and, upon application of the master, and proof given, upon oath, of some such default as aforesaid, shall issue his warrant for the apprehension of such servant or apprentice, and shall pronounce upon him such sentence as, regard being had to the circumstances of the original offence, and to the degree in which such servant or apprentice has made, or failed to make, the compensation ordered, shall appear equitable and just.

XV. As often as the master of any servant or apprentice who shall be convicted of any offence under this Act shall desire the cancellation of the contract of service or apprenticeship, the magistrate, should he so think fit, may order the cancellation of the same, and the same shall be cancelled accordingly: Provided that such cancellation shall not prevent the execution of any sentence which the magistrate may pronounce or may have pronounced upon the offender for his offence.

XVI. As often as the master shall have caused any servant or apprentice to be brought before the magistrate to answer any charge preferred against him by such master, and such master shall fail in obtaining the conviction of such servant or apprentice, then the magistrate, should he so think fit, may, at the desire of such servant or apprentice, order the cancellation of the contract of service or apprenticeship, and the same shall be cancelled accordingly.

XVII. In order to save time and expense, the master of any servant or apprentice alleging matter of complaint against such servant or apprentice may warn and order such servant or apprentice to appear

before the magistrate of the district, on some day and hour to be named by such master or apprentice, as the case may be, there to answer some certain charge, of the nature of which such complainant shall inform such defendant; and should the defendant fail to attend, in pursuance of such warning, the magistrate, upon the application of the complainant, and upon proof, by affidavit, that such defendant received such warning, and received the same a reasonable time before the time fixed for his appearance, and that, to the best of the deponent's knowledge and belief, such defendant has no lawful cause for not appearing, may issue his warrant for the apprehension of such defendant, in order to the trial of the complaint.

XVIII. Any servant or apprentice having ground of complaint against his master under this Act shall be entitled to require reasonable leave of absence from his master's service for the purpose of proceeding to the resident magistrate to make his complaint and to take out the process of the resident magistrate's court to compel the attendance of such master and of the witnesses deemed necessary by such servant or apprentice in support of his case; and any master refusing such reasonable leave of absence to such servant, or delaying the same unreasonably, shall be deemed guilty of an offence against this Act, and shall, on convicting thereof, be fined any sum not exceeding ——— pounds sterling, and in default of payment shall be imprisoned, with or without hard labour, for any term not exceeding ——— months; and no servant or apprentice who shall leave his master's service for the purpose merely of lodging any complaint which he may have against his master, after such leave of absence shall have been unreasonably refused, shall by reason only of his so leaving his master's service be deemed to have deserted his master's service, or to have in anywise contravened this Act.

XIX. Should any complainant who shall have warned any such defendant as aforesaid to appear as aforesaid himself fail to appear at the time fixed by him for the appearance of such defendant, then and there to prosecute his complaint, the magistrate, upon proof, by affidavit, that such defendant was warned by such complainant to appear at the said time, to answer a charge of a certain nature, shall ascertain the distance which such defendant shall have travelled, and the distance which any person or persons shall have travelled whom such defendant may have brought with him as witnesses, and shall, upon being satisfied that such witnesses would or might have been necessary for his defence, make an order, in writing, against such complainant for the payment of the expenses of such defendant and his witnesses, if any, at and after the same rate as if each of the said persons had been a witness summoned at the instance of the public prosecutor, and attending to give evidence in the court of such magistrate upon a criminal case; and if such complainant shall, upon presentation to him of such order by the person or persons in whose favour the same shall have been made, refuse or neglect to comply therewith, he shall incur and be liable to a fine not exceeding five pounds sterling, and in default of payment of the same, to imprisonment, with or without hard labour, for any period not exceeding one month: Provided that one such order may include the expenses of all or any of the persons whose expenses are to be paid, or separate orders may be delivered to one or more of such persons, as may be most convenient.

XX. No servant or apprentice summoned or otherwise brought before the magistrate to answer for any offence alleged in the summons or otherwise to be in contravention of the fourth section of this Act, shall be entitled to an acquittal because the proof given in the case may show that he is only guilty of contravening the sixth section of this Act; and no servant or apprentice summoned or otherwise brought before the magistrate to answer for any offence alleged in the summons, or otherwise, to be in contravention of the sixth section aforesaid shall be entitled to an acquittal because the proof given may show that he is only guilty of contravening the said fourth section: Provided, however, that the punishment to be awarded upon a conviction in any such case shall not exceed the punishment provided by the said fourth section; and provided, also, that the servant or apprentice shall have had, in every case, sufficient notice of the nature of the charge which he was called upon to answer.

XXI. As often as the master of any servant or apprentice shall be convicted of the offence of withholding the wages of such servant or apprentice without reasonable and probable cause for believing that the wages so withheld were not really due, he shall be fined any sum not exceeding five pounds sterling and not less than one pound sterling, and in default of payment shall be imprisoned, with or without hard labour, for any period not exceeding one month; and the convicting magistrate shall, besides passing the said sentence, give judgment for the amount of the wages so wrongfully withheld, and for the costs of the proceedings, which costs shall be the same as in a civil case before the said court; and the said wages and costs shall, if not paid, be levied of the movable property of the said master, under and by virtue of a warrant under the hand of the said magistrate, together with the cost of such levy: Provided, however, that when and as often as the magistrate shall acquit the master of the aforesaid offence, but shall yet find that wages are due by such master to such servant or apprentice which have been retained by such master, it shall be lawful for such magistrate, and he is hereby required, forthwith to give judgment for the amount of wages which he shall find to be due to such servant, and make such order as to the payment of costs, should he award any, by the master as shall seem to such magistrate to be in accordance with real and substantial justice.

XXII. If any master shall, after judgment obtained against him for any wages, still withhold the payment thereof, or of any costs which he shall have been ordered to pay, he shall be deemed by such withholding to have anew committed a contravention of the last foregoing section, and may again be proceeded against under the same section; and in such case the former judgment, even though the same may not have been a conviction, may on his conviction be offered in evidence as an aggravation, under the clause hereinafter contained in that behalf.

XXIII. As often as the master of any servant or apprentice shall be convicted of the offence of having, either before or after the expiration of the contract of service or apprenticeship, upon demand made and without lawful cause, refused to deliver or permit to be taken away any of such servant's or apprentice's cattle, sheep, goats, or other animals lawfully remaining or being upon such master's land, without reasonable and probable cause for believing that the animals in question were lawfully detained, such master shall be fined any sum not less than one pound sterling for every animal so unlawfully detained; provided, however, that the total amount of the fine so payable shall not exceed the sum of five pounds sterling altogether; and in default of payment, shall be imprisoned for any period, with or without hard labour, not exceeding one month; and the convicting magistrate shall, besides passing the said sentence, give judgment for the delivery of the said animals, and for costs, as in a civil action before the said court, which costs, if not paid, shall be levied in the same manner as in the twenty-first section directed; but neither the fact that the contract of service or apprenticeship of such servant or apprentice has not yet expired, nor the fact that money is due or alleged to be due by such servant or apprentice to the master, shall be deemed or taken to be, of itself, reasonable or probable cause for such detention: Provided, however, that nothing herein contained shall impair the effect of any express contract of a lawful kind, by force of which the master shall claim a right to retain any such animals as aforesaid.

XXIV. If any master shall, after judgment given for the delivery of any animals under the last foregoing section, upon demand lawfully made, withhold or refuse to deliver or permit to be taken away the said animals, he shall be deemed by such withholding or refusal to have anew committed a contravention of the last foregoing section, and may again be proceeded against under the same section; and in such case the former judgment may, on his conviction, be offered in evidence against him in aggravation, under the clause hereinafter contained in that behalf.

XXV. As often as the master of any servant or apprentice shall be convicted of the offence of failing, upon demand, to supply or deliver to such servant or apprentice the food, bedding, or other articles stipulated for in the contract of service or apprenticeship, or of supplying or delivering food, bedding, or other articles, not conformable to the said contract, he shall be liable to be fined any sum not exceeding five pounds sterling, and in default of payment, to imprisonment, with or without hard labour, for any period not exceeding one month.

XXVI Whenever any master shall be convicted of any offence under this Act, any former conviction for any offence under this Act, or under any portion of the Act 15 of 1856, repealed by this Act, on his part as a master, may be offered in evidence against him in aggravation; and if such aggravation shall be proved, then the magistrate before whom he shall be tried shall, in lieu of the penalties hereinbefore provided in the case of first offences, fine the offender any sum not exceeding ——— pounds sterling, and in default of payment sentence him to be imprisoned, with or without hard labour, for any term not exceeding ———; and the civil remedies shall be the same as in the case of a first conviction.

XXVII. As often as it shall be made to appear to the magistrate, in any such case as aforesaid, instituted by any servant or apprentice against his master, that the master has not fairly and faithfully performed his part of the contract of service or apprenticeship, the magistrate may, should he so think fit, and should the servant or apprentice so desire, order the cancellation of such contract of service or apprenticeship, and the same shall be cancelled accordingly.

XXVIII. As often as any master shall be convicted of wrongfully and unlawfully assaulting his servant or apprentice, the convicting magistrate may, should he so think fit, and should the servant or apprentice so desire, order the cancellation of the contract of service or apprenticeship, and the same shall be cancelled accordingly.

XXIX. As often as the master shall complain against his servant or apprentice, or any servant or apprentice shall complain against his master, the prosecution shall be a private prosecution; but should it appear that any servant or apprentice complaining against his master is unable, from poverty, to advance the costs of process and of witnesses, then the process of the court of resident magistrate for compelling the attendance of the party accused, and of all necessary witnesses, shall be issued at the public charge: Provided, always, that if at the trial the charge shall appear to have been brought by the said servant or apprentice without reasonable or probable cause, such servant or apprentice shall be liable to a fine not exceeding five pounds sterling, and also to defray the costs of process and of the witnesses in the case; and in default of payment of such fine and costs, shall be liable to be imprisoned, with or without hard labour, for any period not exceeding one month: Provided, also, that such fine may be imposed upon the occasion of such trial, and without any fresh action or proceeding for the recovery thereof.

XXX. In all convictions under this Act no prisoner shall be adjudged to be kept in solitary confinement for more than three days in each week, or on spare diet more frequently than every second day: Provided, however, that nothing herein contained shall be construed to empower the magistrate, in the infliction of solitary confinement and spare diet, to exceed such instructions as shall have been or shall from time to time be made by the Governor under Act No. 20 of 1856.

XXXI. All fines under this Act shall, when recovered, be paid into the public treasury.

XXXII. If any child under the age of sixteen years shall be wrongfully detained by any person as a servant or inmate, the resident magistrate of the district in which it shall be so

detained shall have jurisdiction to order the restoration of such child to such of its parents as would, under the said Act No. 15 of 1856, be entitled to apprentice such child, if then about to be apprenticed: Provided, however, that should it be made to appear, upon the hearing of any such case, that the person complained against originally obtained the said child in a lawful manner, and when an infant under the age of five years, and that the parent claiming the same has so acted in reference to the said child and to the person bringing it up as to make it a breach of good faith on the part of such parent to seek to take it away, as he or she now seeks to do,—and that, from the character of the said parent, the purpose for which he or she appears to desire to obtain possession of the said child, or other circumstances, it will be for the manifest benefit of the said child to remain with the person with whom it is residing, rather than to be delivered to the parent applying, then the magistrate shall refuse to order the delivery of the said child, leaving it to the parent applying for the same to take such other proceedings, if any, as he or she may be advised; and such magistrate may, in the meantime, authorize the person rearing up such child to retain possession thereof.

Ter Ordonnantie van Z. E. den Gouverneur,

[No. 7,—1870.]

GOUVERNEMENTS BERIGT No. 51, 1870.

Koloniale Secretarie, Kaap de Goede Hoop,
14 Februarij, 1870.

ZIJNE Excellentie de Gouverneur heeft de publicatie gelast van de volgende voorschriften ten dienste van Veldkornets en andere Beambten belast met het Opnemen der Stemmen bij de naderende Verkiezingen voor een Lid van den Wetgevenden Raad:

1. Ieder Beambte van Stemopneming zal de stipste onpartijdigheid in acht hebben te nemen in de vervulling zijner pligten, en door niets in zijne woorden of houding, reden geven, waardoor het tegendeel vermoed of hem ten laste gelegd kan worden.

2. Ieder Beambte van Stemopneming zal voorzien worden van eene kopie der algemeene lijst van Stemgeregtigden voor de geheele Kiesafdeeling. Deze kopie moet door den Civielen Commissaris als naauwkeurig worden gecertificeerd.

3. Ieder Stemgeregtigde voor eene Afdeeling mag stemmen op eene Kiesplaats binnen die Afdeeling naar verkiezing. Maar een Stemgeregtigde die in eene Afdeeling geregistreerd is, kan niet in eene andere Afdeeling stemmen; en na gestemd te hebben op die eene Stemplaats, kan hij niet weder op eene andere stemmen. Ingeval een Veldkornetschap, onlangs daargesteld voor Fiskale oogmerken, gedeelten bevat van meer dan eene Kiesafdeeling, moeten de Stemgeregtigden, in dat Veldkornetschap wonende, stemmen aan de Stemplaatsen in de onderscheidene Kiesafdeelingen, waarin zij geregistreerd staan, en kunnen niet zonder onderscheid op iedere Stemplaats stemmen. En de Beambte van Stemopneming zal in gevallen waarin dezelfde naam meer dan eenmaal voorkomt op de algemeene Lijst van Kiezers, en verder in alle gevallen, zijn best doen om zich te vergewissen, dat de persoon die komt stemmen wezenlijk de persoon of een van de personen is, geregistreerd als geregtigd om te stemmen.

4. Ieder Kandidaat voor de verkiezing mag door een geschrift onder zijne handteekening of die van den Secretaris van zijn Comité, iemand aanstellen, om ten zijnen behoeve ter stemplaatse tegenwoordig te zijn; en zoodanig persoon mag van den Stemopnememden Beambte vorderen aan elken Stemgeregtigde beide of een der vragen te doen, in het 42ste Artikel der Constitutie Ordonnantie voorgeschreven, maar hij mag zich anders niet met de Stemopname bemoeijen.

5. De Stemopname moet op iedere Kiesplaats ten 8 ure 's morgens open zijn, en ten 5 ure 's avonds gesloten worden, en voor of na die uren kunnen geene stemmen worden aangenomen

6. Aan iederen Beambte van Stemopneming zal een voldoend getal gedrukte Stembriefjes, in den volgenden vorm, worden ter hand gesteld:—

STEM VOOR EEN LID DES RAADS.

MAART, 1870.

Naam van den Stemgeregtigde door den Beambte van Stemopneming hier te worden ingeschreven.	
Kandidaat.	Stem.
A B	
C D	
Naamteekening van den Beambte van Stemopneming.	Naamteekening van den Stemgeregtigde.

7. Wanneer een Stemgeregtigde bij de tafel komt om te stemmen, zal de Stemopnemer hem naar zijn naam vragen, en na met referte tot zijne lijst zich verzekerd te hebben dat hij een geregistreerd stemgeregtigde is, zal hij hem vragen, voor welken van de kandidaten hij stemt; hij zal hem vervolgens een stembriefje overhandigen, en hem verzoeken den naam van den Kandidaat voor welke hij stemt, neder te schrijven, en zijn naam aan den voet van het dokument te teekenen; of indien de Stemgeregtigde zulks verlangt, mag hij den Beambte van Stemopneming verzoeken zijne stem voor hem te schrijven en zelfs zijn naam op het dokument te plaatsen, op de volgende wijze:—

Geteekend op verzoek van
JAMES THOMSON,
JOHN SMITH, P. O.

Aan deze vormen voldaan zijnde, zal de Beambte van Stemopneming den naam van den Stemgeregtigde aan het hoofd van het dokument schrijven, zijn eigen naam op de behoorlijke plaats teekenen, en het dokument bewaren. *De Beambte van Stemopneming zal zorg dragen voor de volledige uitvoering van de voorschriften omtrent het invullen van de gegeven stem tegenover den naam van den Kandidaat, en ook van die omtrent de onderteekening van het Stembriefje door den Stemgeregtigde en door hemzelven.*

8. Elk Stemgeregtigde zal *een* stem hebben en niet meer.

9. Aan geen Stemgeregtigde kan worden vergund een reeds ingevuld dokument met zich te brengen; het dokument moet worden ingevuld in de tegenwoordigheid van den Beambte van Stemopneming, en de Stemgeregtigde moet zijne Stem mondeling opgeven, wanneer de Beambte die vraagt; hij kan aan den Beambte niets in de gedaante van eene Aanteekening overhandigen, om er zijne stemmen van af te schrijven; maar hij mag zelf eene Aanteekening raadplegen om zijn geheugen te gemoet te komen, in het geven zijner stem.

10. Geen Stemgeregtigde kan anders stemmen dan in persoon; hij kan niet wegblijven en zijne stem inzenden; noch kan hij per procuratie stemmen.

11. Ieder Stemgeregtigde heeft volkomen vrijheid om naar verkiezing over zijne stem te beschikken; maar de Stemopnemende Beambte zal niet gedogen, dat een Stemgeregtigde, die zich reeds bij de tafel bevindt, door een Kandidaat, diens Agent, of een der omstanders iets worde ingefluisterd, noch dat dezulken zich op andere wijze met het uitbrengen van zijne stem bemoeijen.

12. Wanneer een Stemgeregtigde gestemd heeft,—dat is, wanneer zijne stem geregistreerd is en het dokument geteekend is door hemzelven en den Beambte van Stemopneming, mag hij zijne stem volstrekt niet intrekken of veranderen.

13. De Stembriefjes moeten niet worden vuilgemaakt of op andere wijze beschadigd; en het is beter het dokument in stukken te scheuren en een nieuw Stembriefje in te vullen, dan eenige fout daarop door te schrapen of uit te wisschen.

14. Niemand kan eene Stem ontvangen, die niet als een Kandidaat is geproklameerd en wiens naam niet op het gedrukte Stembriefje voorkomt. De Beambten van Stemopneming zullen derhalve weigeren den naam van iederen anderen Kandidaat te ontvangen.

15. De wet verbiedt niet aan een Beambte van Stemopneming zijne eigene Stem aan te teekenen; het is derhalve aan zijne discretie overgelaten, dit te doen, of zich tot dat einde naar eene andere Stemplaats te begeven.

16. De Beambten van Stemopneming zullen niet, zoo als bij de algemeene verkiezing voor het eerste Parlement, gehouden zijn te beslissen over het doen gelden van eenigerlei aanspraken of tegenwerpingen betreffende het Stemmen. Zij moeten derhalve weigeren in zoodanige kwestien te treden.

17. Wanneer de Stemopname aan eene Kiesplaats afgeloopen is, zal de Beambte van Stemopneming al de stemmen door hem ontvangen zorgvuldig en veilig insluiten en verzegelen, en het paket adresseren aan den Civielen Commissaris van Albanie, te Grahamstad, en *op een gedeelte van het couvert de woorden "List of Votes for the Division of ——————" schrijven, alsmede zijne eigene naamteekening, en het Veldkornetschap en de Stemplaats waar de stemmen zijn opgenomen.* Dit paket zal hij zoo spoedig mogelijk als bestaanbaar is met deszelfs veilige overzending op den post doen bezorgen, en hij zal zorg dragen een ontvangstbewijs te krijgen van den Postmeester, bij wien zoodanig paket is op den post gedaan.

18. Iedere Beambte van Stemopneming zal, alvorens zoodanig paket te sluiten, zorgvuldig tellen en aanteekening houden van het getal Stembriefjes dat hetzelve bevat.

19. *In geval op eene der Kiesplaatsen in 't geheel geene Stemmen worden aangeteekend, zal de Stemopnemende Beambte, die op zoodanige Stemplaats gevaceerd heeft, een certifikaat in dien zin inzenden aan den Civielen Commissaris van Albanie.*

Ter Ordonnantie van Zijne Excellentie den Gouverneur,
R. SOUTHEY,
Koloniale Secretaris.

DE Aandacht van al degenen, die in de termen vallen om dienst te doen als Gezworen wordt hierbij gevestigd op de naamlijsten, aangeplakt in de Buiten-voorzaal van het Hoog Geregtshof, en op de kennisgeving aan den voet daarvan, inhoudende dat de Resident Magistraat op Maandag, den Een en-twintigsten dezer zitting zal houden voor het aanhooren van bezwaren van degenen die aanspraak maken op vrijstelling van dienst bij de Groote en Kleine Juries.

Verder wordt de aandacht gevestigd op Ordonnantien 84; No. 1 van 1843; No. 2 van 1845; en op Wet No. 7 van 1861; vooral op de gronden voor vrijstelling omschreven bij Ordonnantie 84, Artikel 2.

Het ligt buiten de magt van den Opperbaljuw eenigerlei naam, die op de lijsten zal zijn gebleven na de zitting van het Hof bovengenoemd, uit te wisschen.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTERELL HOOLE and

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.
MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.:

Signed by request of
JAMES THOMPSON,
JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be careful fully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and send his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,
R. SOUTHEY, Colonial Secretary.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of **£500**, taken out before 1st November, 1865, has **£37 10s.**, three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has **£12 10s.**, one year's Profits added; while the total accumulated Profits on a Policy of **£500**, taken out in 1845, the first year of the Society's existence, now amount to the large sum of **£401 0s. 4d.**

The next Division of Profits will take place in July, 1871.

NAARDEMAAL ik bij mijne Proklamatie gedateerd den 6den dag van Januarij laatstleden, heb opgeroepen al degenen die eene of meer Rekwisitien, als in Artikel 34 dier Ordonnantie omschreven, om hen uit te noodigen zich als Kandidaat te stellen voor het lidmaatschap van den Wetgevenden Raad voor de Oostelijke Provincie, vakant geworden door het vrijwillig aftreden van den Heer JAMES HALL, ontvangen en aangenomen mogten hebben, die Rekwisitien en hunne aanname derzelve in te zenden bij den Kolonialen Secretaris vóór of op den 5den dag dezer maand Februarij; en daar ik verder aan ieder die zulk eene uitnoodiging ontvangen en zulke Rekwisitien aangenomen hebben, verzocht heb om bij geschrifte, door hem onderteekend en vóór of op den gezegden 5den Februarij bij den Kolonialen Secretaris te worden ingezonden, iemand aan te stellen om te ageren als "Scrutineer" voor het nazien der in te dienen stemlijsten,—als bij de Wet voorzien: Zoo is het dat ik hierbij proklameer, deklareer en bekend maak, dat de volgende personen de lijst uitmaken van Kandidaten voor de gezegde vakature, namelijk:

[No. 7,—1870.]

GOUVERNEMENTS BERIGT No. 51, 1870.

Koloniale Secretarie, Kaap de Goede Hoop,
14 Februarij, 1870.

ZIJNE Excellentie de Gouverneur heeft de publicatie gelast van de volgende voorschriften ten dienste van Veldkornets en andere Beambten belast met het Opnemen der Stemmen bij de naderende Verkiezingen voor een Lid van den Wetgevenden Raad:

1. Ieder Beambte van Stemopneming zal de stipste onpartijdigheid in acht hebben te nemen in de vervulling zijner pligten, en door niets in zijne woorden of houding, reden geven, waardoor het tegendeel vermoed of hem ten laste gelegd kan worden.

2. Ieder Beambte van Stemopneming zal voorzien worden van eene kopie der algemeene lijst van Stemgeregtigden voor de geheele Kiesafdeeling. Deze kopie moet door den Civielen Commissaris als naauwkeurig worden gecertificeerd.

3. Ieder Stemgeregtigde voor eene Afdeeling mag stemmen op eene Kiesplaats binnen die Afdeeling naar verkiezing. Maar een Stemgeregtigde die in ééne Afdeeling geregistreerd is, kan niet in eene andere Afdeeling stemmen; en na gestemd te hebben op die eene Stemplaats, kan hij niet weder op eene andere stemmen. Ingeval een Veldkornetschap, onlangs daargesteld voor Fiskale oogmerken, gedeelten bevat van meer dan eene Kiesafdeeling, moeten de Stemgeregtigden, in dat Veldkornetschap wonende, stemmen aan de Stemplaatsen in de onderscheidene Kiesafdeelingen, waarin zij geregistreerd staan, en kunnen niet zonder onderscheid op iedere Stemplaats stemmen. En de Beambte van Stemopneming zal in gevallen waarin dezelfde naam meer dan eenmaal voorkomt op de algemeene Lijst van Kiezers, en verder in alle gevallen, zijn best doen om zich te vergewissen, dat de persoon die komt stemmen wezenlijk de persoon of een van de personen is, geregistreerd als geregtigd om te stemmen.

4. Ieder Kandidaat voor de verkiezing mag door een geschrift onder zijne handteekening of die van den Secretaris van zijn Comité, iemand aanstellen, om ten zijnen behoeve ter stemplaatse tegenwoordig te zijn; en zoodanig persoon mag van den Stemopnememden Beambte vorderen aan elken Stemgeregtigde beide of een der vragen te doen, in het 42ste Artikel der Constitutie Ordonnantie voorgeschreven, maar hij mag zich anders niet met de Stemopname bemoeijen.

5. De Stemopname moet op iedere Kiesplaats ten 8 ure 's morgens open zijn, en ten 5 ure 's avonds gesloten worden, en voor of na die uren kunnen geene stemmen worden aangenomen.

6. Aan iederen Beambte van Stemopneming zal een voldoend getal gedrukte Stembriefjes, in den volgenden vorm, worden ter hand gesteld:—

STEM VOOR EEN LID DES RAADS.
MAART, 1870.

Naam van den Stemgeregtigde door den Beambte van Stemopneming hier te worden ingeschreven.	————————
Kandidaat.	Stem.
A B	
C D	
Naamteekening van den Beambte van Stemopneming.	Naamteekening van den Stemgeregtigde.

7. Wanneer een Stemgeregtigde bij de tafel komt om te stemmen, zal de Stemopnemer hem naar zijn naam vragen, en na met referte tot zijne lijst zich verzekerd te hebben dat hij een geregistreerd stemgeregtigde is, zal hij hem vragen, voor welken van de kandidaten hij stemt; hij zal hem vervolgens een stembriefje overhandigen, en hem verzoeken den naam van den Kandidaat voor welke hij stemt, neder te schrijven, en zijn naam aan den voet van het dokument te teekenen; of indien de Stemgeregtigde zulks verlangt, mag hij den Beambte van Stemopneming verzoeken zijne stem voor hem te schrijven en zelfs zijn naam op het dokument te plaatsen, op de volgende wijze:—

Geteekend op verzoek van
JAMES THOMSON,
JOHN SMITH, P. O.

Aan deze vormen voldaan zijnde, zal de Beambte van Stemopneming den naam van den Stemgeregtigde aan het hoofd van het dokument schrijven, zijn eigen naam op de behoorlijke plaats teekenen, en het dokument bewaren. *De Beambte van Stemopneming zal zorg dragen voor de volledige uitvoering van de voorschriften omtrent het invullen van de gegeven stem tegenover den naam van den Kandidaat, en ook van die omtrent de onderteekening van het Stembriefje door den Stemgeregtigde en door hemzelven.*

8. Elk Stemgeregtigde zal *een* stem hebben en niet meer.

9. Aan geen Stemgeregtigde kan worden vergund een reeds ingevuld dokument met zich te brengen; het dokument moet worden ingevuld in de tegenwoordigheid van den Beambte van Stemopneming, en de Stemgeregtigde moet zijne Stem mondeling opgeven, wanneer de Beambte die vraagt; hij kan aan den Beambte niets in de gedaante van eene Aanteekening overhandigen, om er zijne stemmen van af te schrijven; maar hij mag zelf eene Aanteekening raadplegen om zijn geheugen te gemoet te komen, in het geven zijner stem.

10. Geen Stemgeregtigde kan anders stemmen dan in persoon; hij kan niet wegblijven en zijne stem inzenden; noch kan hij per procuratie stemmen.

11. Ieder Stemgeregtigde heeft volkomen vrijheid om naar verkiezing over zijne stem te beschikken; maar de Stemopnemende Beambte zal niet gedogen, dat een Stemgeregtigde, die zich reeds bij de tafel bevindt, door een Kandidaat, diens Agent, of een der omstanders iets worde ingefluisterd, noch dat dezulken zich op andere wijze met het uitbrengen van zijne stem bemoeijen.

12. Wanneer een Stemgeregtigde gestemd heeft,—dat is, wanneer zijne stem geregistreerd is en het dokument geteekend is door hemzelven en den Beambte van Stemopneming, mag hij zijne stem volstrekt niet intrekken of veranderen.

13. De Stembriefjes moeten niet worden vuilgemaakt of op andere wijze beschadigd; en het is beter het dokument in stukken te scheuren en een nieuw Stembriefje in te vullen, dan eenige fout daarop door te schrapen of uit te wisschen.

14. Niemand kan eene Stem ontvangen, die niet als een Kandidaat is geproklameerd en wiens naam niet op het gedrukte Stembriefje voorkomt. De Beambten van Stemopneming zullen derhalve weigeren den naam van iederen anderen Kandidaat te ontvangen.

15 De wet verbiedt niet aan een Beambte van Stemopneming zijne eigene Stem aan te teekenen; het is derhalve aan zijne discretie overgelaten, dit te doen, of zich tot dat einde naar eene andere Stemplaats te begeven.

16. De Beambten van Stemopneming zullen niet, zoo als bij de algemeene verkiezing voor het eerste Parlement, gehouden zijn te beslissen over het doen gelden van eenigerlei aanspraken of tegenwerpingen betreffende het Stemmen. Zij moeten derhalve weigeren in zoodanige kwestien te treden.

17. Wanneer de Stemopname aan eene Kiesplaats afgeloopen is, zal de Beambte van Stemopneming al de stemmen door hem ontvangen zorgvuldig en veilig insluiten en verzegelen, en het paket adresseren aan den Civielen Commissaris van Albanie, te Grahamstad, en *op een gedeelte van het couvert de woorden "List of Votes for the Division of ————————" schrijven, alsmede zijne eigene naamteekening, en het Veldkornetschap en de Stemplaats waar de stemmen zijn opgenomen.* Dit paket zal hij zoo spoedig mogelijk als bestaanbaar is met deszelfs veilige overzending op den post doen bezorgen, en hij zal zorg dragen een ontvangstbewijs te krijgen van den Postmeester, bij wien zoodanig paket is op den post gedaan.

18. Iedere Beambte van Stemopneming zal, alvorens zoodanig paket te sluiten, zorgvuldig tellen en aanteekening houden van het getal Stembriefjes dat hetzelve bevat.

19. *In geval op eene der Kiesplaatsen in 't geheel geene Stemmen worden aangeteekend, zal de Stemopnemende Beambte, die op zoodanige Stemplaats gevaceerd heeft, een certifikaat in dien zin inzenden aan den Civielen Commissaris van Albanie.*

Ter Ordonnantie van Zijne Excellentie den Gouverneur,
R. SOUTHEY,
Koloniale Secretaris.

PROCLAMATION

BY HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE,

Knight Commander of the Most Honourable Order of the Bath, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Vice-Admiral of the same, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTRELL HOOLE and
WILLIAM DODDS PRINGLE.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOD SAVE THE QUEEN!

Given under the Public Seal of the Settlement of the Cape of Good Hope, this 10th day of February, 1870.

GOVERNMENT NOTICE.—No. 51, 1870.

Colonial Office, Cape of Good Hope,
14th February, 1870.

HIS Excellency the Governor has commanded the publication of the following directions for the guidance of Field-cornets and other Officers charged with the duty of Polling at the ensuing Election for a Member of the Legislative Council for the Eastern Districts:

1. Every Polling Officer is required to maintain the strictest impartiality in the discharge of his duties, and by nothing in his speech or demeanour to give cause for imputing or suspecting the contrary.

2. Each Polling Officer will be furnished with a copy of the general List of Voters for the whole Electoral Division. This copy must be certified by the Civil Commissioner to be a correct one.

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.

MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.:

Signed by request of
JAMES THOMPSON,
JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be careful fully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and send his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,

R. SOUTHEY, Colonial Secretary.

(*To be read a Second Time on Friday, 25th February*, 1870.)

BILL

FOR

The better Preservation of Wild Ostriches.

(*Transmitted to the House of Assembly by His Excellency the Governor.*)

WHEREAS it is expedient to prevent the indiscriminate destruction of wild ostriches in this Colony: Be it therefore enacted by the Governor of the Cape of Good Hope, with the advice and consent of the Legislative Council and House of Assembly thereof, as follows:

I. The Proclamation dated 21st March, 1822, intituled "Game Law Proclamation," in so far as the same relates to the protection of ostriches or the eggs of ostriches, is hereby repealed.

II. No person shall kill, catch, capture, hunt, or shoot at any ostrich not being domesticated without having first obtained a licence to kill ostriches, under a penalty of any sum not less than thirty pounds sterling and not exceeding fifty pounds sterling for the first offence, and not less than forty pounds sterling and not exceeding one hundred pounds sterling for every subsequent offence; and any person convicted under this section may be imprisoned, with or without hard labour, for any term not exceeding six months, unless or until the fine be sooner paid.

III. No person shall, whether having obtained a licence to kill ostriches or not, kill, catch, capture, hunt, or shoot at, within any district of this Colony, any ostrich not being domesticated within the months which shall in any such district be for the time being proclaimed as fence season for ostriches under the provisions of this Act, under like penalties as by the last foregoing section are provided in cases falling within that section.

IV. For every licence to kill ostriches there shall be payable a stamp duty of twenty pounds sterling; and every such licence shall be in force for the time specified therein, and no longer: Provided that every licence to kill ostriches shall authorize the holder thereof to catch, capture, hunt, or shoot at the same.

V. It shall be lawful for the Governor, by proclamation to be by him issued, to fix and prescribe for the several districts in this Colony the close time or fence seasons within which it shall not be lawful to kill, catch, capture, hunt, or shoot at ostriches within this Colony, either with or without a licence to kill ostriches.

VI. No person shall at any time wilfully take away, disturb, or destroy, or have in his possession the eggs of any wild ostrich in any part of this Colony under the penalty of any sum not exceeding three pounds sterling for the first offence, and not less than three pounds sterling nor exceeding six pounds sterling for every subsequent offence; and any of such eggs which shall have been taken away, or sold, or hawked, or exposed for sale, or purchased, and which shall be found in the possession of any person whomsoever, shall be confiscated to Government, and may be seized *brevi manu* by any landowner, occupier of land, justice of the peace, field-cornet, constable, or police officer; and any person convicted under this section may be imprisoned with or without hard labour for any term not less than one month and not exceeding three months, unless the fine be sooner paid.

VII. It shall be lawful for any owner or occupier of land, without having taken out any licence, to catch and keep, or to cause or permit to be caught and kept, the young of any ostriches for the purpose of domestication, and to take and carry away, or to cause or permit to be taken and carried away, their eggs for the purpose of hatching, at any time when the same shall be found upon the land of such owner or occupier, anything contained in this Act or in any other law to the contrary notwithstanding.

VIII. In any case prosecuted under this Act every ostrich shall be presumed to have been wild until shown to have been domesticated, and every ostrich egg found in the possession of any person shall be deemed to be the egg of a wild ostrich, and to have been wilfully taken away within the meaning of the last foregoing section hereof, until the contrary shall have been clearly shown.

IX. The several fines above mentioned may be recovered by any person, on behalf as well of himself as of the Crown, in all cases where the fine shall not exceed fifty pounds sterling, in the court of the resident magistrate of the district where the offence may have been com-

mitted, and in other cases in the Supreme Court, the Court of the Eastern Districts, as the case may be, or the Circuit Court for the district where the offence may have been committed; and a moiety of any fine imposed upon any offender on conviction for contravening any of the provisions of this Act shall be paid to the person on whose information such conviction shall have taken place, provided such person be not an accessory.

X. It shall be lawful for the Governor, by Proclamation in the Government Gazette, to proclaim and declare, as to any parts of this Colony, that wild ostriches shall be protected and not destroyed for any number of years not exceeding three, to be mentioned in such Proclamation; and any person contravening the provisions of any such Proclamation shall be subject to the like penalties as those provided by the second and third sections of this Act in cases falling within those sections respectively; and it shall also be lawful for the Governor from time to time to revoke, alter, or amend such Proclamation.

XI. In any prosecution for infringement of the second section of this Act, it shall be *prima facie* sufficient for the prosecutor to show that the accused does not appear as the holder of a licence in the list of persons to whom the requisite licence in such case shall have been issued, respectively, kept in the office of the resident magistrate, before whom or in whose district such case shall be brought for trial in any court; but it shall be lawful for such accused person to rebut such evidence by proof that he was, in fact, at the time of the commission of the offence charged, the lawful holder of such licence.

JOHN NOBLE, Clerk of the House of Assembly.

PROCLAMATION

BY HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE,

Knight Commander of the Most Honourable Order of the Bath, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Vice-Admiral of the same, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTERELL HOOLE and
WILLIAM DODDS PRINGLE.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOD SAVE THE QUEEN!

Given under the Public Seal of the Settlement of the Cape of Good Hope, this 10th day of February, 1870.

GOVERNMENT NOTICE.—No. 51, 1870.

Colonial Office, Cape of Good Hope,
14th February, 1870.

HIS Excellency the Governor has commanded the publication of the following directions for the guidance of Field-cornets and other Officers charged with the duty of Polling at the ensuing Election for a Member of the Legislative Council for the Eastern Districts:

1. Every Polling Officer is required to maintain the strictest impartiality in the discharge of his duties, and by nothing in his speech or demeanour to give cause for imputing or suspecting the contrary.

2. Each Polling Officer will be furnished with a copy of the general List of Voters for the whole Electoral Division. This copy must be certified by the Civil Commissioner to be a correct one.

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.

MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.:

Signed by request of

JAMES THOMPSON,

JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be careful fully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and ends his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,

R. SOUTHEY, Colonial Secretary.

(*To be read a Second Time on Monday, 7th March,* 1870.)

If any goods shall be seized for non-payment of duties or any other cause of forfeiture, and any dispute shall arise whether the duties have been paid for the same, or the same have been lawfully imported or lawfully laden, or exported, the proof thereof shall be on the owner or claimer of such goods, and not on the officer who shall seize or stop the same.

LXIV. PROCLAMATION

BY HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE,

Knight Commander of the Most Honourable Order of the Bath, Governor and Commander-in-Chief of Her Majesty's Colony of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Vice-Admiral of the same, and Her Majesty's High Commissioner, &c., &c., &c.

WHEREAS by a Proclamation bearing date the 6th day of January last, I did call upon all Persons who might have received and accepted any such Requisitions as are described in the 34th section of the Ordinance for Constituting a Parliament for this Colony, inviting them to become Candidates for the seat in the Legislative Council for the Eastern Districts, which has become vacant by the resignation of JAMES HALL, Esq., to transmit such Requisitions, and their acceptance thereof, to the Colonial Secretary in Cape Town, on or before the 5th day of February instant, and I did further require every person who should have been so invited, and who should have accepted any such Requisition, to nominate, by some writing under his hand, to be transmitted to the said Colonial Secretary, on or before the said 5th day of February instant, one person to be and act as a Scrutineer, for the purpose of examining the Lists of Votes to be returned, as by law provided: Now, therefore, I do hereby proclaim, declare, and make known that the following Persons form the List of Candidates for the vacancy aforesaid, that is to say:

JAMES COTTERELL HOOLE and
WILLIAM DODDS PRINGLE.

And whereas by the 37th section of the said Ordinance it is further enacted, in regard to Scrutineers, that the Governor shall, by Proclamation, appoint three Scrutineers, nominated by the Candidates, to be a Committee of Scrutineers, for the purpose of examining the Votes to be returned, as in the said Ordinance enjoined, or in the event of there being a deficiency of Scrutineers from any cause, the Governor may appoint such Scrutineer or Scrutineers as may be necessary for constituting the full number of three Scrutineers; and whereas, by reason of the insufficiency of the number of Candidates and the failure of one of them to name a Scrutineer, it is necessary to appoint two Scrutineers to form together with the one nominated, the full number of three: Now, therefore, I do hereby appoint JOHN GEORGE FRANKLIN and THOMAS HOLLAND to be two such Scrutineers, and to constitute, together with RICHARD WILLIAM NELSON, the Committtee of Scrutineers for the purpose aforesaid.

GOD SAVE THE QUEEN!

GOVERNMENT NOTICE.—No. 51, 1870.

Colonial Office, Cape of Good Hope,
14th February, 1870.

HIS Excellency the Governor has commanded the publication of the following directions for the guidance of Field-cornets and other Officers charged with the duty of Polling at the ensuing Election for a Member of the Legislative Council for the Eastern Districts:

1. Every Polling Officer is required to maintain the strictest impartiality in the discharge of his duties, and by nothing in his speech or demeanour to give cause for imputing or suspecting the contrary.

2. Each Polling Officer will be furnished with a copy of the general List of Voters for the whole Electoral Division. This copy must be certified by the Civil Commissioner to be a correct one.

3. Every Voter for any Division may vote at any Polling Place within that Division. But a Voter registered in one Division cannot vote in another Division; and after having voted at one Polling Place, he cannot again vote at another. In case any of the Field-cornetcies recently formed for Fiscal purposes happens to embrace portions of more than one Electoral Division, the Voters residing in that Field-cornetcy must vote at the Polling Places in the respective Electoral Divisions in which they stand registered, and cannot vote indiscriminately at one Polling Place. And the Polling Officer, in cases where the same name occurs more than once upon the general List of Voters, and, indeed, in all cases, will do his best to ascertain that the person coming to vote is really the person, or one of the persons, registered as entitled to vote.

4. Any Candidate for election may, by a writing under his hand or that of the Secretary to his Committee, appoint some person to attend on his behalf at the Polling Place; and such Person may require the Polling Officer to put to any Voter both, or either, of the questions set forth in Section 42 of the Constitution Ordinance, but he cannot otherwise interfere with the Poll.

5. The Poll at every Polling Place is to open at Eight o'clock in the morning and to close at Five o'clock in the evening; and no votes can be taken before or after these hours.

6. A sufficient number of printed Voting Papers, in the following form will be supplied to each Polling Officer:

VOTE FOR A MEMBER OF COUNCIL.

MARCH, 1870.

Name of Voter to be written here by Polling Officer.	
Candidates.	Vote.
A B	
C D	
Signature of Polling Officer.	Signature of Voter.

7. Upon a Voter coming to the table to vote, the Polling Officer will ask him his name, and having, by reference to his list, satisfied himself that he is a registered Voter, he will ask him for which of the Candidates he votes; he will then hand him a Voting Paper, and desire him to write his vote opposite the name of the Candidate he votes for, and to sign his name at the foot of the paper; or, if the Voter desires it, he may require the Polling Officer to write his vote for him, and even to sign his name to the paper in the following manner, viz.;

Signed by request of
JAMES THOMPSON,
JOHN SMITH, P.O.

These forms having been gone through, the Polling Officer will write the Voter's name at the head of the paper, sign his own name in the proper place, and retain the paper. *The Polling Officer will be carefully to carry out the instructions as regards filling in the vote given opposite the Candidate's name, and also as regards the signature to the Voting Paper by the Voter and himself.*

8. Each Voter will have *one* vote and no more.

9. No Voter can be allowed to bring with him a paper already filled up; the paper must be filled up in the presence of the Polling Officer, and the Voter must state his vote by word of mouth, upon the Officer demanding it; he cannot hand to the Officer anything in the shape of a Memorandum, from which to copy his votes; but he may refer to a Memorandum to refresh his memory in giving his vote.

10. No Voter can vote except in person; he cannot stay away, and ends his vote; nor can he vote by proxy.

11. Every Voter is at perfect liberty to deal with his vote as he pleases; but the Polling Officer will not permit a Voter, who is already at the Table, to be prompted, or otherwise interfered with, by a Candidate, his Agent, or other bystander.

12. When a Voter has finished voting,—that is, when his vote is recorded, and the paper is signed by himself and the Polling Officer,—he can on no account be allowed to recall or alter his vote.

13. The Voting Papers must not be soiled, or otherwise injured; and in preference to erasing or obliterating any error, it will be better to destroy the paper, and write out a new one.

14. No Person can receive a vote who has not been proclaimed a Candidate, and whose name does not appear on the printed Voting Paper. The Polling Officers, therefore, will refuse to receive the name of any other Candidate.

15. The law does not prohibit a Polling Officer from recording his own vote; it is therefore at his discretion to do so, or to proceed to another Polling Place for that purpose.

16. The Polling Officers will not, as at the General Election for the first Parliament, be called to decide upon any claims or objections to vote. The Polling Officer must, therefore, refuse to entertain any such questions.

17. When the Poll shall be finally closed at any Polling Place, the Polling Officer will carefully and securely enclose and seal up all the Votes received by him, and address the parcel to the Civil Commissioner of Albany, at Graham's Town, writing upon some part of the cover, "Lists of Votes for the Division ————," and also his own Signature; *and also the Field-cornetcy and Polling Place at which the votes were taken.* This Parcel he will post with as little delay as is consistent with its safe transmission, and will take care to obtain a Receipt from the Postmaster with whom such Parcel is posted.

18. Every Polling Officer will, before closing such Parcel, carefully count and keep a record of the number of Voting Papers which it contains.

19. *In the event of no Votes whatever being recorded at any Polling Place, the Polling Officer in attendance at such Polling Place will forthwith forward a certificate to that effect to the Civil Commissioner of Albany.*

By command of His Excellency the Governor,
R. SOUTHEY, Colonial Secretary.

TENDERS FOR THE CONVEYANCE OF MAILS.

General Post Office, Cape Town,
1st March, 1870.

NOTICE is hereby given that Sealed Tenders, addressed to the Honourable the Auditor-General, and marked "Tender for Inland Mails," will be received by that Officer until Thursday, 24th March, 1870, at 12 noon, for the conveyance of the following Mails:

Between Worcester and Montagu, *viâ* Robertson, once a week each way by Cart (Passenger or other).

If a Tender for this line be accepted, either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horseback on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each.

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers or *Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or Newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:

	£	s.	d.
For every period not exceeding half an hour -	0	2	6
" half an hour, and not exceeding one hour -	0	7	6
" one hour, and not exceeding an hour and a half - - - - - - - - - -	0	15	0
" one hour and a half, and not exceeding two hours - - - - - - - - -	1	5	0
two hours, and not exceeding two hours and a half - - - - - - - - -	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case, to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets into any Vehicle at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.

And it is lastly agreed that in case of any act of omission constituting a breach by the Contractor of any of the provisions or stipulations of this Contract, not being an act or omission for which any other particular penalty is hereinbefore provided, the Postmaster-General shall have the option of claiming from the Contractor, for and on account of every such act or omission, respectively, the payment of Ten Pounds Sterling, by way of assessed and liquidated damages, and not as a penalty; or otherwise, of claiming and recovering such further or other sum as the said Postmaster shall prove to be the amount of loss or damages actually sustained from or by reason of such act or omission.

The Contractor will be bound to provide a passage in his Mail Conveyance for an Officer of this Department, when travelling on public business, without charge, when required so to do.

Further information may be obtained on application at the Office of the Postmaster-General.

CHARLES PIERS, Postmaster-General.

TENDERS FOR THE CONVEYANCE OF MAILS.

General Post Office, Cape Town,
1st March, 1870.

NOTICE is hereby given that Sealed Tenders, addressed to the Honourable the Auditor-General, and marked "Tender for Inland Mails," will be received by that Officer until Thursday, 24th March, 1870, at 12 noon, for the conveyance of the following Mails:

Between Worcester and Montagu, *viâ* Robertson, once a week each way by Cart (Passenger or other).

If a Tender for this line be accepted, either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horseback on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each.

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers or *Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or Newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:

	£	s.	d.
For every period not exceeding half an hour –	0	2	6
„ half an hour, and not exceeding one hour –	0	7	6
„ one hour, and not exceeding an hour and a half – – – – – – – – – –	0	15	0
„ one hour and a half, and not exceeding two hours – – – – – – – – –	1	5	0
two hours, and not exceeding two hours and a half – – – – – – – – – –	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case, to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets in lieu of Vehicles at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.

And it is lastly agreed that in case of any act of omission constituting a breach by the Contractor of any of the provisions or stipulations of this Contract, not being an act or omission for which any other particular penalty is hereinbefore provided, the Postmaster-General shall have the option of claiming from the Contractor, for and on account of every such act or omission, respectively, the payment of Ten Pounds Sterling, by way of assessed and liquidated damages, and not as a penalty; or otherwise, of claiming and recovering such further or other sum as the said Postmaster shall prove to be the amount of loss or damages actually sustained from or by reason of such act or omission.

The Contractor will be bound to provide a passage in his Mail Conveyance for an Officer of this Department, when travelling on public business, without charge, when required so to do.

Further information may be obtained on application at the Office of the Postmaster-General.

CHARLES PIERS, Postmaster-General.

KAAP DE GOEDE HOOP.

De volgende inlichtingen omtrent Ondiepe Gronden tusschen de Kaap de Goede Hoop en de Blaasbalg- en Aanbeeldretsen, zijn ontvangen van den Luitenant ter Zee W. E. ARCHDEACON, Opmeter bij de Admiraliteit. *

(Alle kompaswijzingen zijn magnetisch. Miswijzing 29° 40′ Westelijk in 1869.)

Drie puntige rotsen met 4½ en 5 fademen water daarboven zijn waargenomen als liggende tusschen Kaappunt en de Blaasbalg- en Aanbeeldrotsen en maken die passage, die tot hiertoe geacht werd vrij van gevaar te zijn, onbruikbaar voor schepen van grooten diepgang en zelfs voor kleine schepen in slecht weder.

Het binnenste gevaarlijke punt met 4½ vademen voor zich en 10 vademen overal in de rondte ligt Z.Z.O. ½ O., 3 kabellengten van de Diasrots op de hoogte van Kaappunt.

De twee andere rotsen, hebbende 5 vademen over zich, liggen omtrent eene mijl verwijderd met 10 vademen tusschen beide en overal rondom. De westelijke ligt Z. ten O., 8 kabels en de oostelijke Z.Z.O. ½ O., 9 kabels van de Diasrots, de laatste wijzende van de Aanbeeldrots N.N.W., afstand omtrent 4 kabels.

GOVERNMENT NOTICE.—No. 82, 1870.

Colonial Office, Cape of Good Hope, 8th March, 1870.

IN terms of the 27th Section of the Act No. 5 of 1853, His Excellency the Governor directs the publication, for general information, of the following Report of the Board of Managers of the Provincial Hospital, Port Elizabeth, for the year 1869.

By command of His Excellency the Governor,

R. SOUTHEY,
Colonial Secretary.

TO HIS EXCELLENCY SIR PHILIP EDMOND WODEHOUSE, K.C.B., GOVERNOR AND COMMANDER-IN-CHIEF OF THE COLONY OF THE CAPE OF GOOD HOPE, &c., &c., &c.

Report of the Board of Managers of the Provincial Hospital of Port Elizabeth for the Year ending 31st December, 1869.

The Managers of the Hospital of Port Elizabeth, in presenting their report for the past year, desire specially to call the attention of His Excellency the Governor to the fact that there has been a marked increase in the number of in-door patients, namely 633, compared with 571 of the preceding year, and that the out-door patients have nearly doubled, being 2,200 to 1,300; so that it is only by the strictest economy that the Managers are enabled to provide for the wants of the Hospital out of the Parliamentary grant and the other sources of income.

To this report is annexed a statement of the receipts and expenditure.

The Managers have to repeat their often reiterated regret that the state of the finances of the Colony has prevented His Excellency from placing upon the Estimates a sum, in addition to the annual grant, sufficient to afford isolated accommodation for offensive and contagious disorders, and to enable the Managers to effect a better water supply.

They venture to affirm that so soon as these objects can be obtained, this Hospital will bear comparison with any similar Institution in Her Majesty's Colonies.

The Managers refer His Excellency to the report of the medical officers whose zeal and efficiency they cannot too highly commend.

In common with medical officers, the Managers deeply deplore the loss to the Hospital of Dr. Rubidge, whose fame as a man of science, and a physician, has a world-wide reputation.

The loss of Dr. Rubidge was, however, met by the ready and effectual services of the other medical men of the town, Dr. Housley and Dr. Thom, to whom the Hospital is deeply indebted. The former gentleman, a surgeon and medical practitioner of large experience, has been elected by the Board in place of Dr. Rubidge.

The statistical report required by the Secretary of State has been prepared according to the forms furnished to them in a letter from the Colonial Secretary, dated 6th November, 1869.

By order of the Board,

THOMAS WORMALD,
J. R. HOLLAND,
R. HALLACK, } Managers.
W. H. WORMALD, Acting Secretary.

Report of the Medical Officers of the Provincial Hospital of Port Elizabeth for the Year 1869.

Again we have but little during this year on which to remark.

The continued usefulness and efficiency of this Institution is fully shown by the great increase of patients, especially in the out-door department.

The number of in-door patients during the past year was 633, of out-door patients 2,200, the latter showing a large increase on those of the previous year.

The management of the Hospital has been carried on in every way much to our satisfaction by Mr. Richardson, the Superintendent.

Mr. Moses, dentist, has had many cases referred to him in his particular department for treatment. His services have been very useful and efficient.

Moule's earth-closets have had fair trial in the wards, but owing to the difficulty of obtaining and drying proper earth free from sand, these do not prove satisfactory. We have, however, substituted "sawdust" as a deodorizer, which answers perfectly, as well in them as in the open latrines.

Many improvements and useful additions could be made in and about this Hospital, such as fixing a verandah within the inner quadrangle, and procuring a plentiful supply of water, &c., were funds at disposal for these purposes,—we only therefore refer to them.

We cannot close this report without referring to the decease of our late highly-esteemed colleague, Dr. Rubidge, by which, regarding him either as a man of science, a physician, or a friend, this Hospital in particular, and the Colony in general, have sustained a great loss.

We cannot do less than express an opinion that the Board of Managers are much indebted to Dr. Housley for the daily able and willing assistance he has rendered in carrying out our medical duties during the past five months.

A list of diseases by the Superintendent is appended.

GEORGE DUNSTERVILLE, F.R.C.S., England.
FREDERICK ENSOR, M.R.C.S., &c.

TENDERS FOR THE CONVEYANCE OF MAILS.

General Post Office, Cape Town,
1st March, 1870.

NOTICE is hereby given that Sealed Tenders, addressed to the Honourable the Auditor-General, and marked "Tender for Inland Mails," will be received by that Officer until Thursday, 24th March, 1870, at 12 noon, for the conveyance of the following Mails:

Between Worcester and Montagu, *viâ* Robertson, once a week each way by Cart (Passenger or other).

If a Tender for this line be accepted, either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horse-back on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each.

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers *or Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or Newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:

	£	s.	d.
For every period not exceeding half an hour -	0	2	6
„ half an hour, and not exceeding one hour -	0	7	6
„ one hour, and not exceeding an hour and a half - - - - - - - - - -	0	15	0
„ one hour and a half, and not exceeding two hours - - - - - - - - -	1	5	0
two hours, and not exceeding two hours and a half - - - - - - - - -	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case, to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets in to any Vehicle at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.

And it is lastly agreed that in case of any act of omission constituting a breach by the Contractor of any of the provisions or stipulations of this Contract, not being an act or omission for which any other particular penalty is hereinbefore provided, the Postmaster-General shall have the option of claiming from the Contractor, for and on account of every such act or omission, respectively, the payment of Ten Pounds Sterling, by way of assessed and liquidated damages, and not as a penalty; or otherwise, of claiming and recovering such further or other sum as the said Postmaster shall prove to be the amount of loss or damages actually sustained from or by reason of such act or omission.

The Contractor will be bound to provide a passage in his Mail Conveyance for an Officer of this Department, when travelling on public business, without charge, when required so to do.

Further information may be obtained on application at the Office of the Postmaster-General.

CHARLES PIERS, Postmaster-General.

NOTICE is hereby given that Tenders will be received by the Civil Commissioner, at his Office, in the Treasury, Cape Town, up to the 20th March next, at noon, for the exclusive Privilege or Licence to gather Wax Berries, during the three following months, from the Crown Lands on the Cape Flats and Downs within the limits defined by Ordinance 28 of 1846.

Should any Tender be accepted, the Tenderer will be required to bind himself with two sufficient Sureties, that no damage shall be done to the Plants or Bushes, beyond what is absolutely unavoidable, in carefully stripping off the Berries.

Parties may Tender for any portion of the Flats, as well as the whole, provided their Tenders distinctly and practically define the limits to which their Tenders are intended to apply.

TENDERS FOR THE CONVEYANCE OF MAILS.

General Post Office, Cape Town,
1st March, 1870.

NOTICE is hereby given that Sealed Tenders addressed to the Honourable the Auditor-General, and marked "Tender for Inland Mails," will be received by that Officer until Thursday, 24th March, 1870, at 12 noon, for the conveyance of the following Mails:

Between Worcester and Montagu, *viâ* Robertson, once a week each way by Cart (Passenger or other).

If a Tender for this line be accepted, either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horseback on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each.

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers or *Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or Newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:

	£	s.	d.
For every period not exceeding half an hour -	0	2	6
„ half an hour, and not exceeding one hour -	0	7	6
„ one hour, and not exceeding an hour and a half - - - - - - - - - -	0	15	0
„ one hour and a half, and not exceeding two hours - - - - - - - - -	1	5	0
two hours, and not exceeding two hours and a half - - - - - - - - - -	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case, to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets in to any Vehicle at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.

And it is lastly agreed that in case of any act of omission constituting a breach by the Contractor of any of the provisions or stipulations of this Contract, not being an act or omission for which any other particular penalty is hereinbefore provided, the Postmaster-General shall have the option of claiming from the Contractor, for and on account of every such act or omission, respectively, the payment of Ten Pounds Sterling, by way of assessed and liquidated damages, and not as a penalty; or otherwise, of claiming and recovering such further or other sum as the said Postmaster shall prove to be the amount of loss or damages actually sustained from or by reason of such act or omission.

The Contractor will be bound to provide a passage in his Mail Conveyance for an Officer of this Department, when travelling on public business, without charge, when required so to do.

Further information may be obtained on application at the Office of the Postmaster-General.

CHARLES PIERS, Postmaster-General.

The Premiums are payable yearly in advance; or at the option of the Assured, half-yearly, with a slight increase of the Rate.

This being a MUTUAL ASSURANCE SOCIETY, the profits are not, as in Proprietary Companies, divided between the Partners and the Assured,—the *whole* belong to the Policy-holders.

The Profits are divided amongst the holders of Policies at the termination of every period of THREE YEARS, and each holder may determine that his share shall be added to the sum assured by him,—or converted into Present Payment—or applied in Reduction of the future Annual Premiums payable by him.

The last Division was declared at the Annual Meeting held on the 6th July, 1868. The Profits then divided were at the rate of 2½ per cent. per annum, or 7½ per cent. for the three years. Thus a Policy of **£500**, taken out before 1st November, 1865, has **£37 10s.**, three years' Profits added to it; a Policy of the same amount, taken out before 1st November, 1867, has **£12 10s.**, one year's Profits added; while the total accumulated Profits on a Policy of **£500**, taken out in 1845, the first year of the Society's existence, now amount to the large sum of **£401 0s. 4d.**

The next Division of Profits will take place in July, 1871.

Persons proposing for assurance are required to produce *Certificates of Baptism*, or such other proofs of age as the Directors may deem to be satisfactory.

Candidates for assurance are *not* charged with fees payable to the *Medical Officers* of the Society.

Prospectuses, Forms of Proposal, and all information respecting the Society may be obtained at the Office in Cape Town, or at any of the Agencies throughout the Colony.

(Introduced into the House of Assembly by B. H. DARNELL, *Esq.)*

WHEREAS it is expedient to make provision for enrolling and organizing the able-bodied inhabitants of this Colony for the protection of life and property, and for mutual defence: Be it enacted by the Governor of the Colony of the Cape of Good Hope, and with the advice of the Legislative Council and House of Assembly thereof, as follows:

I. Within three months after the promulgation of this Act the several field-cornets throughout the Colony shall make out a list containing the names of all the male residents within their respective field-cornetcies between the ages of eighteen and fifty years, distinguishing those who are hereinafter exempted from liability to service under this Act.

II. All persons disqualified for service as burghers by bodily or mental infirmity, all ministers of religion, judges, resident magistrates, and constables and persons serving in any of the naval or military departments of Her Majesty, or in the F. A. M. Police or Civil Service of this Colony, or in the service of the Hon. the East India Company, and all merchant seamen under articles, shall be exempt from serving in the burgher force under this Act, except with their own consent.

III. In any municipality for which no field-cornet is appointed, the duties devolving upon that officer under this Act shall be executed by the commissioners of such municipality or mayor and council thereof.

IV. In every case in which exemption may be claimed on account of mental or bodily infirmity, the party so claiming shall be required to furnish a competent medical certificate, and if he claim it on account of his age but cannot certify on affidavit, nor afford proof of the validity of his claim, the decision of his liability to service shall rest with the board constituted under this Act, to be called the "Mutual Defence Board of the Division of———."

V. If any field-cornet, municipal board, or town council shall neglect to make out the list hereinbefore mentioned, and to furnish it to the civil commissioner of his or their division within the time specified, or shall furnish an imperfect list, it shall be the duty of the civil commissioner of the division to make out or to perfect the said list as the case may be, and any expenses incurred by such civil commissioner therein shall be paid by such field-cornet, municipal commissioners, or

members of town council, individually, and shall be recoverable by summary process, in the court of the resident magistrate of such district, by the said civil commissioner.

VI. Every civil commissioner shall forthwith, upon the receipt of such list, cause a copy thereof to be fixed at or near all churches or other places of religious worship, and also at the residence of each field-cornet, and at each court-house in the division, and shall cause a notice to be served by the field-cornets, municipal commissioners, or town council, on, or at the residence of, each person on the list, of the day on which the said Board of Defence will hold a court for the purpose of hearing objections to such list, which day shall not be sooner than two weeks nor later than four weeks after the day of affixing a copy, at the place of meeting of the said board, of which place notice shall also be given.

VII. Upon the day and at the place so notified the Board of Defence shall hold a meeting, at which it shall, on due proof, by declaration or affidavit, correct all errors in such list, either by adding the names of persons liable to service which may have been omitted therein, or by striking out of the list of those so liable the names of any persons entitled to be exempt: Provided that such meeting may be adjourned from day to day until all questions as to the correctness of the list are determined; and provided that the decision of such Board shall be final.

VIII. The burgher force to be enrolled under this Act shall be officered by field-cornets, assistant field-cornets, one field-cornet to command the burghers enrolled in each field-cornetcy, assisted by the assistant field-cornet, who shall be under him, and a commandant in each division, who shall command all the force enrolled therein—the towns and municipalities to be officered by a field-captain and one or more lieutenants, according to the number of burghers enrolled,—one field-captain and two lieutenants to every hundred burghers enrolled, and all such officers shall be elected as hereinafter enacted: Provided that if two or more companies be called out, and assembled together, and the field-commandant be not present, the field-cornets and captains then present shall out of their number elect one to act as provisional field-commandant during the absence of the field-commandant.

IX. Upon the completion of such lists as aforesaid, each field-cornet, municipal board, or town council shall, by notice served on or at the residence of each person on the said lists, fix a day, not to be later than one month after the date of such completion, on which the burghers of his field-cornetcy or their municipality or town council, shall assemble, at a place to be by him or them appointed in such notice, to elect field-cornets, assistant field-cornets, field-captains, and field-lieutenants for such field-cornetcy, muncipality, or township: Provided that such election shall be decided by a majority of burghers belonging to the said field-cornetcy, muncipality or township then present, and that notice of the names of the field-cornets, assistant field-cornets, field-captains, and lieutenants so elected be forthwith submitted by the chairman of such meeting to the civil commissioner of the division.

X. Within one month after the election of the field-cornets, field-captains, and lieutenant, as hereinbefore provided, they shall assemble on a day and at a place to be fixed and notified to them by the civil commissioner, and shall elect their field-commandant by the majority of officers then present and voting.

XI. All field-commandants, field-cornets, captains, and lieutenants elected as above provided, shall serve ——— years, or until other persons be elected in their stead in the manner above provided for their first election, and shall then be re-eligible. If any field-cornet, assistant field-cornet, captain, or lieutenant, at any time shall decline to serve, he shall give notice thereof to the commandant of his division, and if any field-commandant shall so decline to serve he shall give notice thereof to the civil commissioner, who shall respectively proceed in the same manner as above provided for the election of the successer of such officer.

XII. Within one month after the election of the field-commandant, that officer shall assemble with the field-cornets and other officer, and shall frame a roll of the burghers of the division placed in the order in which they shall be called out for service and all burghers shall be called out in consecutive order according to such roll; and no burgher shall be called out a second time for service, except with his own consent, until all the other burghers, available for service, on the said roll, have been called out: Provided that any person considering himself aggrieved by the position of his name on the aforesaid roll may appeal to the Board of Defence, who shall decide on such appeal.

XIII. Upon the completion of such roll as aforesaid the field-commandant shall furnish a copy thereof to the Board of Defence of his division, and the said Board shall cause a notice to be addressed to every burgher in his division, in which shall be stated the number of his name on the roll.

XIV. Every such roll shall be revised at the expiration of every ——— years in the same manner as is above provided for its original formation, and every field-cornet, municipal board, or town council neglecting such revision shall be liable to a penalty as provided in section 5.

XV. Every field-cornet, municipal board, or town council shall, within the first month of each year, furnish to the Board of Defence of his or their division, a list of all persons who have died or have passed the age of ———, or have ceased to reside in his field-cornetcy, or their municipality or township during the preceding year, together with a list of persons who have become liable to serve as burghers by attaining the age of [illegible] years, or by taking up their residence within the same period within [illegible] cornetcy, municipality, or township; and unless such [illegible] persons prove their claim to exemption before the Board of Defence, their names shall be added by the said Board at the end of the roll; and the names of all such former persons shall be erased from the roll by such Board.

XVI. Whenever it shall be necessary for the defence of any division of the Colony or for the protection of life and property therein, the civil commissioner may call out the burgher force of such division, or such part of the said force as he may consider necessary for service within the said division, and not elsewhere except with their own consent.

XVII. Whenever the Governor of the Colony shall deem it necessary for the defence of any division, or of the Colony, or for the protection of life and property therein to repel invasion or carry on war within or beyond the boundaries of the Colony against enemies making war upon the Colony or its inhabitants, he may by proclamation call out the bughers of every division of the Colony, or of such divisions as he may think proper and necessary, and from such divisions respectively such numbers of burghers as he may deem necessary for service within or without the Colony.

XVIII. Upon the receipt of such proclamation, or in the event of an emergency, the civil commissioner shall give notice thereof to the field-commandants, field-cornets, and captains whose companies it may be necessary to call out, who shall thereupon proceed to call out in such manner as they may deem best the required number of burghers in the order in which they stand upon the roll of the division, and shall at the same time appoint a time and place at which the burghers of their respective field-cornetcies, municipalities, or townships shall assemble therein respectively, and if it be required to summon a general assembly of the burghers of the division or the burghers of more than one field-cornetcy, the civil commissioner shall, in his summons to the field-commandant and field-cornets and captains, signify at what time or times, and at what place or places, the several companies shall meet for the service required of them.

XIX. Any commandant, field-commandant, assistant field-cornet, field-captain, lieutenant, or burgher, who having received due notice of his liability to serve, and having due notice of his having been called out to serve on any occasion, shall absent himself without a lawful cause for his absence, or shall withdraw himself before permission to that effect be given by some competent authority, shall, upon conviction before the Board of Defence, be liable to a fine of not less than £— nor more than £—, which shall be recoverable by summary process before the nearest court of resident magistrate, who shall in default of payment of the fine sentence to imprisonment, with hard labour, for any period of not less than ten days nor more than — months, any law or laws of jurisdiction to the contrary notwithstanding, and such fines so levied, when paid, to go to the general revenue of the Colony.

XXI. The widow or minor orphans of any burgher who may be killed in action, and any burgher who may receive during his service any wound or injury permanently injurious in its consequences shall receive a pension or allowance of not less than 1s. per diem, and not exceeding £— sterling per annum, the amount whereof shall be fixed by the Governor, subject to the approval of Parliament.

XXII. Every mounted burgher whose horse shall be killed, or carried off by, or abandonded to the enemy, or be destroyed to prevent the same falling into the enemy's hands, or who shall while on active service suffer loss of saddle, gun, or accoutrements, shall be paid the value of the same at the time of the loss thereof, such value to be certified by the commandant of the force to which such burgher belongs, to the civil commissioner of the division to which such burgher belongs, and who shall pay him the same without delay.

XXIII. When the burgher force of any division, or part thereof, is called out for active service, the field-commandant or other officers of the several wards, municipalities, or townships, are authorized to require and take from those who possess them such wagons, horses, mules, oxen, and gear, together with such provisions, forage, or other necessaries as shall be needed for the service of such force; and every inhabitant shall be bound to render obedience to such requisition—provided that with reference to such requisition the aforesaid officers shall conform to the instructions which they may have received from the civil commissioner of the division to which they belong.

XXIV. When any articles as aforesaid shall be so obtained, the officer so obtaining the same shall justly estimate the value thereof, and shall give a certificate that he has obtained from ——— the articles in question, and that the same are fairly worth £——, and the civil commissioner shall, on presentation of such certificate, if acquiesced in by the owner and not appearing to him excessive in value, proceed to pay the sum stated in such certificate, or shall grant to such owner a certificate payable on demand for all sums under £—, and for all higher sums, either payable on demand or redeemable by Government within a period not exceeding two years, which certificate shall be transferable by cession, and secure the said amount with legal interest, if not payable on demand, from the date of purchase to the date on which such certificate shall be paid: Provided that if the value placed on such article be excessive, or if the late owner shall object to the same as being inadequate, the question may be referred to the Board of Defence, which shall cause such inquiry to be made as it shall see fit, into the fair and just value of such articles, and the said Board shall thereupon affix such value as it may deem just and fair, and its decision thereon shall be final; and all articles so obtained shall be the property of Government, and shall, when no longer required, be disposed of under such regulations as may be appointed.

XXV. The Governor may in such division take such measures as may be deemed expedient for providing, at the public expense, arms and ammunition for such burghers as may not possess arms and ammunition and for the due preservation and custody of all public property provided for the burgher force.

XXVI. Each district shall and may frame such rules and regulations for promoting the discipline and efficiency of the several companies therein as shall be proper and necessary. Such rules and regulations shall be framed by the commandant, officers, and Board of Defence convened for that purpose by the civil commissioner within one month after the appointment of such officers—and all such rules and regulations may in like manner, at any time or times thereafter in like manner be added to and amended, and all such rules and regulations shall, whenever made or amended, be submitted to the Governor for approval, and shall, whenever approved of, become law and of equal force and effect as if embodied in this Act.

XXVII. The Board of Defence herein mentioned shall consist of the civil commissioner, all officers of the burgher force, and the justices of the peace of each division. The civil commissioner shall be *ex officio* chairman. In his absence the members of the Board present at any meeting thereof may elect an acting chairman. GOVERNMENT NOTICE, No. 90, 1870.

Colonial Office, Cape of Good Hope, 14th March, 1870.

IN terms of the 25th Section of Act No. 6 of 1856, His Excellency the Governor has directed the publication of the subjoined Report of the Board of Managers of the Public Schools of Port Elizabeth upon the Grey Foundation for the year 1869.

By command of His Excellency the Governor,

R. SOUTHEY, Colonial Secretary.

REPORT of the Board of Managers of the Public Schools of Port Elizabeth upon the Grey Foundation.

The Managers of the Grey Institute have the honour to report to His Excellency the Governor that the condition of the schools under their control is satisfactory.

The number of pupils under instruction has increased from 91 in December, 1868, to 98 in December, 1869. An additional assistant master, Mr. H. Frost, has been engaged, who was highly recommended by the Superintendent-General of Education.

The debt of the Board, which at the date of the last financial return, 31st March, 1869, was £1,213 17s. 10d., amounted on the 31st December, 1869, to £1,041 9s. 1d.

A detailed account of the school work done by the pupils, and of their educational status, is given in the Rector's annual report to the Board. This report, together with a financial statement made up the 31st December, 1869, showing that the Rector has paid £200 and interest as agreed upon, is hereto annexed, and respectfully submitted to His Excellency's attention.

By order of the Board,

THOMAS WORMALD, Manager.
W. H. WORMALD, Acting Secretary.

Grey Institute, Port Elizabeth, 21st December, 1869.

To the Board of Managers of the Grey Institute.

GENTLEMEN,—The number of pupils on the books of the high school for the present quarter is 63, at the elementary school 35, making a total of 98. The total number last Christmas was 91, showing an increase of 7 pupils. It is a matter of congratulation that the increase mentioned in my last report is continued in the present year. At Christmas, 1867, the total number was 82. Comparing that period with the present, the increase in the number of pupils amounts to 16.

Since my last report, at the beginning of the present year, I engaged the services of an additional assistant master, Mr. Close, who, however, after remaining a year has obtained other employment; and in his place I have the advantage of an experienced teacher, Mr. H. Frost, who was highly recommended by Dr. Dale.

I have, in accordance with my annual custom, during the week just passed, had every pupil in both schools before me for examination. Every child has been questioned upon the subjects in which he has been instructed during the year. Several thousand of questions have been put *viva voce*, and the value of the answers weighed and recorded. Besides this, printed papers of questions have been set to the boys in the high school, to which answers in writing are required. The written answers have been examined and marked according to their value. By the double process of requiring answers in writing and answers by word of mouth, the best security seems to be taken towards ascertaining the actual knowledge gained by a pupil.

The results of my examination of the elementary school are as follows: It is divided into two classes. The second class numbers about 20 boys, whose average age is 9½ years The reading is moderately good. Words of two or three syllables were spelt correctly in the proportion of two out of every three words asked by every boy in the class. Their answers in grammar showed that they understood the elements of grammar quite to my satisfaction. The geography was good, showing a clear advance upon last year. Figures made upon the slate were not equal to the standard of last year; but I find on reference to my report for 1868 that the figures then were unusually excellent. In arithmetic, all, with very few exceptions, worked without mistake questions in the four simple rules. A few of the best boys did accurately sums in addition and substraction of money, which indicates decided improvement in this respect during the year.

In the first class of the elementary school the reading is fair, the grammar, geography, and spelling all good Figures, as with the second class, not quite equal to the standard of last year. As to arithmetic nearly the whole class worked without mistake sums in the four simple and compound rules and reduction. The average age is 11¾ years. In comparing the proficiency of the boys in any particular class at two successive periods, it is necessary to take note of their ages at the periods compared. At the present time, there are several backward boys over 14 in the elementary school, who have unduly raised the average age, and led one to expect more of the class than otherwise would be just. Giving due consideration to this circumstance, I have reason to be well satisfied with the work done by the boys under Mr. Stride's instruction.

The pupils in the high school have this year been arranged in three classes. The average age of the third class is 12½ years. In French and English history, there were several boys who did not reach what I consider a proper standard for their age. But in English grammar and Latin, the class was quite up to my requirements. In arithmetic, the average was considerably higher than that attained last year by boys half a year older.

In the second class of the high school, the average age is 13¾ years. Their work for the year comprises Morell's English grammar, the analysis of sentences, descriptive geography of the world, Collier's British History from James I to George IV, Alm's French exercises, from Cæsar de Bello Gallico, ch. 1, 25 of Book I, the elementary parts of algebra, and the whole of arithmetic, with the exception of a few of the most difficul rules. The French of this class was below the average of last year At that time the average for each boy was 87 per cent. of the number of marks attainable,—an average so high that to maintain it would be more than I could expect, when fresh material passed into the teacher's hands. In English subjects the boys have passed a creditable examination. In Latin, their progress is satisfactory. The arithmetic is clearly above the standard of last year.

The average age of the first class is 15 years. Their work for the year includes English grammar, Shakspere's Richard II, Macaulay's Lays of Ancient Rome, the history of the Stuart Dynasty by Hume, physical geography, two books of Cæsar's Gallic War, and half Sallust's Jugurtha, six books of Euclid, Todhunter's mensuration, algebra to geometric progression, logarithms, and Alm's second French book

With respect to the details of the examination, I found Shakspere's play of Richard II had not been digested so well as I wished. In this respect, the class was inferior to the first class last year. I must note a similar inferiority in mensuration. In every other subject, the boys have passed a very satisfactory examination.

I have never had at the Grey Institute a class so far advanced as my present first class, nor one which has done its work on the whole so creditably.

This opinion is justified by the fact that at the competition of schools examination held last July, four boys from the Grey Institute obtained "honourable mention," a larger number than had ever before gained that distinction. The Paterson Scholarship was awarded at the beginning of the year to John Philips, a boy whom I cannot praise too highly for diligence and good behaviour. The Kemp Scholarship, which is awarded to the boy who passes the best examination at the close of the year, is due to Herbert Johnson, whose name is second on the list, the first boy having already held the scholarship.

I have, &c.,

H. I. JOHNSON, Rector.

TENDERS FOR THE CONVEYANCE OF MAILS.

General Post Office, Cape Town,
1st March, 1870.

NOTICE is hereby given that Sealed Tenders, addressed to the Honourable the Auditor-General, and marked "Tender for Inland Mails," will be received by that Officer until Thursday, 24th March, 1870, at 12 noon, for the conveyance of the following Mails:

Between Worcester and Montagu, *viâ* Robertson, once a week each way by Cart (Passenger or other).

If a Tender for this line be accepted, either of the contracting parties will be at liberty to terminate the same upon giving four months' notice, in writing, to that effect.

GENERAL CONDITIONS.

No Tender will be attended to unless prepared in proper form, in conformity with this Notice, and of which copies may be obtained either at this Office, or that of the respective Civil Commissioners and Postmasters.

The Tenders must include all intermediate Post Offices between Stations.

It is desired that the Tenderers should state the number of relays of Horses to be used, and the Stations at which they will be kept; as, also, at what price they will engage to convey extra Posts or Expresses on Horseback on the Post Line for which they tender.

Payment will be made to the Contractor monthly, either at the Colonial Treasury in Cape Town, or by the Civil Commissioner of any Division he may select; *provided the Contract Bond shall previously have been transmitted to this Office*, duly completed, which Bond the Contractor will be required to execute in the presence of two competent Witnesses, together with two good and approved Sureties, to be provided by him, for the due fulfilment of the Contract; and he must accompany his Tender with a written engagement from his Sureties to bind themselves as such; as, also, with a Certificate from the Civil Commissioner or Resident Magistrate of the District in which he resides, as to the sufficiency of such Sureties. In the Tender, the names of the Contractor and his Sureties should be stated at full length, and their respective occupations should also be mentioned therein. The Security required will, in each case, be equal to the payment to be made by Government to the Contractor for one year of the Contract.

The Contractor will be required to provide his own means of conveyance for crossing rivers, without detention; and all penalties for delay, from whatever cause arising, will be rigidly exacted. Any party tendering is required to specify in his Tender the means to be adopted by him for crossing or avoiding swollen rivers, either by applying some contrivance, or leaving the usual line, and also the delay, if any, to be allowed on such occasions.

The Tenderers are required to convey the Mails in covered Carts on springs, conveyed by not fewer than two horses each.

The Contractor's Carts are to be light, but strong, sufficiently large to contain the Mail Bags, and to be furnished with Waterproof Wells, or Boxes, with strong Locks and Keys, to hold the Mail Packets, for enclosing and securing which it will be necessary for the Contractor to supply Waterproof Bags; or, failing these, the Cart is to be supplied with Tarpaulins, to be strapped over it and over any Mail Packets that may have to be secured to it, and which are to be lashed on with good stout *riems*. The Carts to be provided with two good Lamps, with strong Reflectors, which are to be kept lighted at night when travelling.

The Contractor is bound, at his own expense, to provide the means of protecting the Mail Packets from the weather, or injury in transferring them from one Post Cart to another, on the line of road herein referred to, and will be held responsible for any damage which may occur to them whilst being transferred from his charge.

The Contractor will be at liberty to carry such number of Passengers or *Parcels* in the Mail Vehicle as he may think fit, and to make his own charge for the accommodation thus afforded; *provided that part of the Box or Well of the Cart specially to be appropriated for the Mail shall not be mixed up with any other Packets, &c., not appertaining to such Mail.*

But the Contractor will not be allowed to carry in his Vehicles, by himself or any of his Servants, any Letters or Newspapers, excepting those delivered to him by the respective Postmasters, or for delivery at any Post Office, nor are they knowingly to permit any Passenger to carry any Letter or Newspaper.

The Post Rider shall be provided by the Contractor with a Bugle or Horn, to be sounded when approaching any Post Office or Post Station.

For any detention of the Mail, or any part thereof, beyond the time specified for the distance allowed, the Contractor shall forfeit according to the following scale:

	£	s.	d.
For every period not exceeding half an hour -	0	2	6
„ half an hour, and not exceeding one hour -	0	7	6
„ one hour, and not exceeding an hour and a half - - - - - - - - - -	0	15	0
„ one hour and a half, and not exceeding two hours - - - - - - - - -	1	5	0
two hours, and not exceeding two hours and a half - - - - - - - - -	2	0	0

and for every additional half-hour beyond two hours and a half, the additional sum of Ten Shillings.

In the event of the Contractor failing or neglecting for three Posts in succession to convey the Mails within the time herein stipulated, the Postmaster-General for the time being, in that case, to have it in his power, should he so think fit, to advertise for Tenders for a new Contract without any reference to the clause for giving four months' notice for an earlier termination thereof (which clause is to be null and void); and any loss that may accrue by reason that the terms of the new Contract are higher than the terms of the old is to be borne by the Contractor.

And inasmuch as serious irregularities have arisen from changing Vehicles and shifting the Mails, the Contractor will have to bind himself that as often as any Post Boy of his shall receive any Mail Bags or Post Office Packets in to any Vehicle at any Post Office, such Bags and Packets shall be carried to their destination in that same Vehicle, and that none of the said Bags or Parcels shall, between the Post Office where the same were received and the Post Office where the same should be delivered, be shifted or removed from that Vehicle to any other Vehicle or mode of conveyance unless with the permission and in the presence of some Postmaster, or unless the Vehicle carrying the same shall, by accident or other cause arising after the same shall have been received, be rendered incapable of carrying on the Mail to its destination. And for any and every breach of this stipulation the Contractor will have to pay to the Postmaster-General for the time being whatever penalty he shall see fit to demand, not exceeding Twenty-five Pounds sterling.

In case any Bag, Packet, or other part of any Mail shall not be regularly delivered at the same time as the rest thereof, the Contractor shall be bound to pay to the Postmaster-General, for or in respect of every such lost or missing Bag, Packet, or other part of any Mail, such sum as the said Postmaster shall see fit to demand, not exceeding Twenty-five Pounds Sterling, unless the Contractor shall prove that such Bag, Packet, or other part of any such Mail was lost or delayed by inevitable accident against which it was impossible to guard. And the Contractor shall likewise be liable to the Postmaster-General, claiming on behalf of whom it may concern, to make good all loss or damage sustained by any Person whomsoever, by reason that any Mail or Bag, Parcel, or other part of any Mail, shall have been lost or delayed for want of due and proper care and diligence of the Contractor, or any person in his service.

Should the said Contractor fail in the performance of his agreement at any period during the existence of the same, then, and in that case, it shall be lawful for the Postmaster-General for the time being, and for all Persons thereto authorized by him, to hire, or cause to be hired such Person or Persons, Horse or Horses, as shall be required for the due performance thereof; and all and every expense attendant upon the same shall be borne and sustained by the said Contractor.
